## Foreword

It is with pleasure that I accept the invitation of the Editor of the Bishop's College School Magazine, to write a Foreword for the next issue.

My association with the School is very personal, being the father of an Old Boy who spent several happy and fruitful years within its precincts. I, therefore, had an opportunity to watch with interest and pleasure, his progress and development, mentally and spiritually, while there over a period of years.

An education which fails to develop character in youth is useless and of no meaning. The strength, therefore, of Bishop's College School lies in the emphasis it places upon the enduring and noble qualities of honour, courage and industry which have won and kept an Empire for the British race through the centuries.

This issue of the Magazine will appear while Their Gracious Majesties are the guests of the Canadian people, within the borders of the greatest of the Dominions of the British Commonwealth of Nations.

Canadians will observe at close range the dedication of a King and a Queen to the service of their subjects, and hearts will be uplifted in thankfulness and praise that the proudest throne in Christendom is occupied by a royal couple whose ideal family life is an inspiration to all and who are themselves endowed with such a deep sense of honour and duty.

But Their Majesties will not have fulfilled their high mission in coming to Canada if, as a result of their visit, the people of this nation, young and old, and of all classes, sects and creeds, do not catch a fresh glimpse of the beauty and glory of service to their own country and the British family of nations.

To those who are leaving the halls of their old school, and to those who are left behind, I would urge the ceaseless practice of those high principles which have always brought honour and success, and thus fame and distinction in still greater measure will be added to a school already so richly endowed with high achievement.

## **Editorial**

"The theme of honour's tongue;
Amongst a grove the very straightest plant;
Who is sweet Fortune's minion and her pride."

Shakespeare.

This, usually the term of retrospect, the term of "Adios" refuses to act according to the norm, and persists in not functioning as it should. Nothing seems to climax. There is an expectancy in the air and it seems rather a term of Welcome. Drama, Cadet Corps, Counting, Painting and all the other activities pursue their ordinary course and drop out of the picture, one by one. Their Majesties' approaching visit and the atmosphere it creates is the keynote of everything. Their triumphant progress through Canada has deeply impressed us, as we realize the inner meaning of its significance. The quiet insistence of its leit-motif, of its undercurrent, marked by non-aggressiveness and lack of loudness is noteworthy; while the enthusiasm of its spontaneous heart-acclamation is unprecedented.

For us, however, the climax will only be reached when we see them here. Meantime, we watch their progress step by step, and are kept in constant touch with its minutest details through the medium of the Press, and it is with no patronizing air that we put it on record that, in our opinion, the handling of the whole big enterprise by the Press has been carried out admirably and inspiringly. Often so voluble for others, it cannot be so for itself—hence this little tribute.

Soon after our enthusiastic welcomes, there will be adieux when we must, reluctantly, bid farewell to some who are leaving and wish them Godspeed as they:

"March on to the fields where the world's remade And the Ancient Dreams come true."

### WELCOME.

Yes, there was gloom, for war accursed Might keep our King away; The sun went down—his ice-bound ship Was subject to delay.

Then Heaven flashed a ray sublime, Joy never felt before, As Norman hearts greet Norman blood On our beloved shore.

Let every house a welcome show,
And we will guard the way;
Hang out the flags, don gay attire,
The King comes here to-day.

From East to West we welcome now The heart of England here; From morn to eve, from dusk to dawn Is none too long to cheer.

A radiance seems to hover round, In voice, in look, in eyes; The gloom is gone, the Queen appears Like morning and sunrise.

## Chapel Potes

"O worship the Lord in the beauty of holiness: Let the whole earth stand in awe of Him."

The last issue of the School Magazine went to press too early to note the beautiful Carol Service which closed our Chapel services for the Christmas term. The carols were sung by the Choir in a way which made the Christmas message seem very real to us all, and the narrative portions of the service were well read and interpreted by all the readers.

A new feature of our services to be noted this year is the fact that they have been entirely carried on by members of the School. Four senior members of the choir, i.e., Dodds I, Lindsay I, Collier I, and Atkinson I, have assisted the Chaplain at the celebrations of Holy Communion. Previously we had been indebted to the Divinity students of the University for this office, and we have been very grateful for their help. Our new servers have acquitted themselves well and have carried out their duties attentively and reverently, and their active participation in the greatest act of Christian Worship has been a source of satisfaction to the Chaplain and the School.

On Sunday morning, May the twenty-first, the Lord Bishop of Quebec visited the School for our Confirmation Service. The following twenty-six members of the School were presented by the Chaplain, the Rev. Sidney Childs, M.A., to receive the Apostolic Rite of the Laying on of Hands from the Lord Bishop:

Stanley Dodds Andrew John Knatchbull-Hugessen David Wingate McLimont Ward Chipman Pitfield Christopher Andrew Wanklyn Leslie Charles Davis Maurice Parkin Fisher John Davidson Flintoft Vernon Harding Kenneth Wyndham Knatchbull-Hugessen Richard Sandys Keator Norman Fyfe Macfarlane Frederick Baillie Peverlev

Cedric Arthur Winser

Alan Howard Finlay Thomas Douglas Innes Ker Richard McMaster Alexander Graham Scott Selwyn Gwillam Blaylock Trevor Lewis Armitage Evans Edward Meredith Shires Fisher Edwin Archer Gerald Hanson David Yuile Hodgson Vernon Alexander Murray John Charles Hosmer Shuter Alistair Ian Stuart Wregg

Professor Scott of Bishop's University kindly acted as Bishop's Chaplain, and the service was carried out in a simple but dignified manner. Many parents and relatives of the boys were present and the Chapel was filled to capacity. On the following Sunday morning the newly-confirmed boys made their first Communion.

We hope these services will long remain in their minds as a beautiful memory of an important step in their spiritual life, and that they will find much joy and helpfulness in their new life as full members of Christ's Holy Catholic Church.

On Sunday, June the eleventh, we hope to have a special early service of Holy Communion for the boys leaving School this term; as we did last year. To them all we extend best wishes for their future career and hope that their chapel services will be among the happiest memories they carry away with them from the old School. We have come to take the good work of our Choir very much for granted, but no record of our chapel services would be complete without an acknowledgment to Mr. Page and the Choir for the way in which their faithful services add beauty and dignity to our worship.

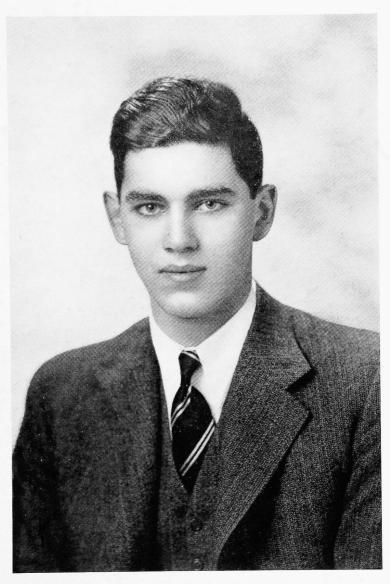

S. C.

## The Choir

The members of the Choir have distinguished themselves throughout the year, not only by the whole-hearted manner in which they have carried out their duties, but by the quality of their singing. The following boys deserve special praise for their ungrudging assistance to the choir master in making themselves responsible for giving out and collecting hymn books, preparing hymn boards, arranging choir music, etc.: Dodds II (Congregation), Flintoft II (Hymn boards), Sewell III (Prayer books), Holley II (Choir, Psalters, etc.), Dodds I, the Senior Prefect, has also rendered invaluable service in supervising this work.

The Choir has progressed to such an extent in reading ability that new hymns and anthems of fair difficulty are read at sight in four part harmony—a truly creditable achievement. We are sorry that circumstances prevented us from complying with the numerous requests for our services in Quebec, Montreal, and other places. We deeply appreciate the honour implied in these requests, and hope to be able to carry out these wishes at some future time.

D. J. DODDS, HEAD PREFECT

#### REFLECTION

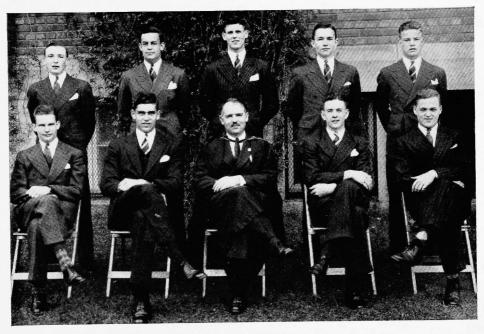

(then I see nature flourishing so bright, As if it fed an all angelic throng; Amid the isles of Prospero's delight, And in this world that reeks of sin and wrong.

When I see mounds of lashing, foaming wave Surmount the coral reefs in frothing sea, 'Tis then I sense what bards of old did crave To put in song in long past history.

'Tis then, submerged beneath the growing tide Of dark and fearful sin that covers all, I find some spark of hope, and I abide In charity, awaiting Satan's fall.

'Tis then surrounded by this world of gloom, My soul doth rise and lighter comes my doom.

#### THE WANDERERS

At anchor, their sails hung to dry.

All silent, black shadows of mast or of stay
Swing slowly across the red sky.

At dawning they're gone with the ebb o' the tide, With the splendour of June's early morn Shining white on the canvas, the grey gulls beside Riding high on the wings of the storm.

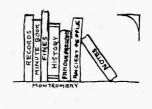

Sometimes they come back with a fortune and name, Sometimes they return not at all; Sometimes they come limping, all shattered and lame, Still they cannot resist the sea's call.

At sunset they'll lie in the blue of the bay,
At anchor, all quiet and dark,
In the dawn they will sail o'er the seas and away,
For the deep sea is calling them . . . . hark!

#### TWO OF THE DEBATES

There was a meeting of the B.C.S.D.S. on Saturday evening, April 29th, in the Hooper Library. The Motion before the House was:—"That this Society is of the opinion that Russia should not be admitted to a triple alliance with England and France."

Chief Secretary Crichton opened for the affirmative and very aggressively maintained that England and France should not put themselves under an obligation to Russia. "Russia," he said, "would eventually send in the bill and England and France would be powerless to hinder her taking, say, the Dardanelles; they are powerful enough now, Hitler knows that, otherwise he would have attacked more aggressively before now."

Day opened for the negative, refuting one of Crichton's arguments that an alliance with Russia would foster the spread of communism. He stressed the point, very strongly, that England and France have, before now, been closely allied with other powers to whose doctrines they have been totally opposed, and yet the alliances were mutually beneficial. Moreover, an alliance with Russia need not necessarily mean too close an alliance, he argued, and asked the House to consider the enormous benefit of Russia's tremendous air force. Furthermore, "Russia if neglected might be tempted to join the Fascist powers," he warned.

Montefiore considered that the admission of Russia would incite Hitler to a premature war and stressed what he called the futility of such an alliance, for, said he, "Russia will give all her aid to the powers east of Germany, in self-protection, without such an alliance."

Chambers: "The world has been trembling long enough in fear of Hitler's dominance. Trying to procure an alliance with Russia does not mean that England and France are weak. Some debaters here to night have fallen into the error of setting doctrine against doctrine. In the world's history, men have arisen before now who thought that the world was theirs to play with. It is time to show Hitler that he cannot do it. Picture the trembling world to day awaiting one of Hitler's speeches! Communists live in democracies and are tolerated. Why should we object to them in Russia and through doctrinal scruples fail to make an alliance that would be to our advantage." The President then urged the House to vote against the Motion.

Skelton, speaking for the affirmative, in an excellent maiden, reminded the House that Russia cannot be relied on; that she has to look out for herself and for possible aggression from her old enemy Japan. "Nobody knows what Stalin has up his sleeve, who, although he is not styled a dictator, approaches one," he stated, and mentioned further that Communism would spread if this alliance were effected.

Nixon, negative, claimed that the only alternative to facing the Fascist powers ineffectually, is to ally ourselves to Russia, and asserted that the firmly set democracies would
not be injured by such an alliance and that a choice between two evils would certainly
point to an alliance with Russia. He disagreed with Mr. Crichton, who was in favour
of "bluff", maintaining that this would be ineffective as the Fascist powers were past
masters in the art. "We would not be any worse off, even if there were a possible revolution in Russia during the war."

Bishop: "Russia would keep Japan at bay and would certainly be a deciding factor in the war," he argued, and, conceding the point that Hitler might be antagonized and angry, maintained that he would see the reason of force, while, on the other hand, hostility to Russia might send her into the enemy's arms.

Davis, also speaking for the negative, admonished the House to play safe and considered that there was little danger of a spread of communism and reminded us of our former alliance with Japan which did not make us adopt her views.

The Motion on being put to the House was lost 3-8.

The subject before the House on Saturday evening, May 6th, was:—"That this Society is of the opinion that work relief is preferable to direct relief."

Day, opening for the affirmative, dwelt on the impossibility, at times, of getting employees, due to the competition of direct relief, where remuneration was higher. He suggested, as a remedy, good hard work at work relief to prompt more people to take

jobs. Taking it as an axiom that everybody got tired of loafing, he advocated the gradual building up of work relief, starting with the more intelligent and trained men, until everyone was working for his pay.

Chambers, opener for the negative, made a very convincing speech. He thought it fitting that we should be discussing on that night one of the major problems of the present day. He argued that the survival of the fittest had left many people out of work, and informed us that in England they allowed them to sit at home and take the dole. He then turned the limelight on the W.P.A. depicting them as a body of men complaining that their shovels were not strong enough to lean on. He said that relief men making roads considered that they should receive as much pay as others making roads. "Through discouragement and failure, many people have to accept relief; others will not, because of their independence, preferring to starve. The W.P.A. has its unions which are agitating for better relief from the government," he stated. "Make relief an unpleasant last resort", was his parting short.

Montefiore, affirmative, expressed himself as opposed to the principle that people should be given something for nothing, arguing that it demoralized them, sometimes inducing them to indulge in drink and causing laziness "On the other hand the W.P.A. build the best airports in the world, wonderful highways and government buildings," he stated. He further emphasized the work done in training aircraft mechanics and the beneficial effect of constant outdoor work in the building of good healthy citizens.

Atkinson II, negative, presented an excellent case for direct reliefers, maintaining that, since they are mostly over 55 years of age, they are therefore unable to do hard work on roads and spend most of their time at home adding to the attractiveness of their homes and gardens, indulging in the domestic virtues and training their children.

*Crichton*, affirmative, maintained that relief workers were doing some good for their country, contrasting them with direct reliefers whom he dubbed drones. Then he enlightened the society as to the kind of work relief workers were accomplishing: preserving trees, birds, improving landscapes, and getting trained in different branches of art. He considered direct relief demoralizing.

Davis, negative, considered that the spare time work relief affords, enables a large number of people to work on some scheme in preparation for a position they have long desired to fill. The text for the remainder of his speech was: "Drink's a curse."

Skelton, speaking on the affirmative side, boldly attacked his opponents, and, emphasizing the importance of road construction in this province to-day, asserted that under good foremen the workers accomplish their assigned tasks and do a very reasonable amount of work.

Sheppard, also affirmative, was of the opinion that a direct relief man becomes non-chalantly idle with no ambition; that he then turns sluggish and considers himself looked-down-on. In lighter vein he pointed to Sorel as an excellent and model example of the result of work relief only. He also cited Temiskaming, in some connection, as another shining example, but we did not catch its import.

The motion was put to the House and lost 7-2.

#### **SURMISE**

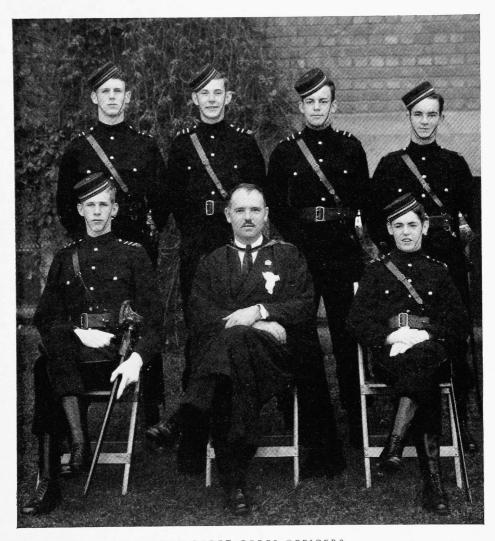

(There is the talent that in centuries past O'erfed the world with literature supreme; Has all the wealth of poetry been amassed Within the bounds of that far distant theme—

When Keats and Browning wrote their hearts at will Upon the plains of immortality, And Shakespeare, Milton deeply cut with quill Fore'er their mark upon our memory?

For now, within the scope of modern time No author has arisen from the throng To put his dreams in everlasting rhyme, That all the world will ever sing his song.

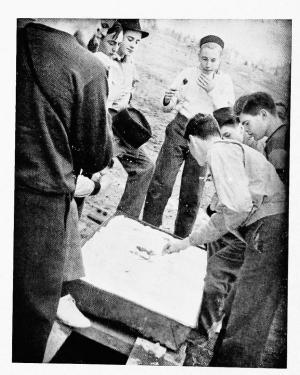

Will no one rise from out our modern men To triumph now as poets triumphed then?

SUGARING OFF

## Williams'

During the winter term many of the boys were interested in the School sports. Black II and Churchill-Smith played for the first hockey team.

Stairs II did well for the second team while Durnford, Byers and Goodhue were all enthusiastic skiers. Durnford won the school cross-country race and finished second in total points for the Whittall Cup, Byers came sixth in the aggregate. Last year Byers made a name for himself in the gymnastic competition, but this year he divided his time between work and skiing and did not take part. Black II was the only representative of Williams House in the "Pirates of Penzance". On summarizing the term's activities we find it to be a success in every way and we take pride in having the least sickness of any house in the School for the year.

This term Williams House again is in the limelight of the school's activities. Churchill-Smith and Black are both playing for the First cricket eleven, and Stairs is playing for the Second team. The rest of the boys are all non-cricketers and are spending their time wisely working for their Matriculation Exams.

The end of the term is drawing near and we are spending our last few weeks at Williams House. We have all spent a very happy year here and we all join in thanking our housemaster and Mrs. Patriquin for their kindness during the entire year.

#### **SPRING**

The time of year that fills my heart with joy
Is spring, the time of all new growth, the eves
Grow bright and buds are changing into leaves.
I then feel free and glad as any boy.

And when the yellow daffodils all bloom,
And later all the red and blue tulips
All sprouting as they kiss the warming lips
Of Spring, and sentence winter to its doom.

Through all this lovely time of year the eve, All peaceful and all still, and while the sun Sinks down behind the horizon, no one Has lived, or ever will live, that would leave.

> Methinks, it's beauty, all the calm delight Brought by the spring to start the peaceful night.

## Six-A Notes

#### DONALD JACKSON DODDS (Dodo)

In the fall of 1935, there arrived at this school a boy who immediately established himself and has since upheld a remarkable record of achievements. Last year he was a head boy, and is this year the head prefect, whose duties he has fulfilled ably and well.

Jackson excelled in all branches of athletics, and has been a pillar of strength for every team on which he has played. He has been a consistent winner of all round champion-ships, having won the Junior two years in a row, the Intermediate last year, and this year he stands a good chance of winning the Senior. Besides this he is: Commander of the colour party, officer of the Camera Club, School boxing champion, 1st team football, 1st team hockey, and captain of 1st team cricket.

He has supplemented this brilliant athletic record by acquitting himself creditably in his studies, and although he has every intention of getting his matric, he intends to return here next year.

T. T. S.

#### RICHARD MIDDLETON COLLIER

In the autumn of 1933 Dick was received into the fold of the Preparatory School, where he made steady progress, getting on two first teams. On entering the Upper he became an ardent member of the Camera Club, and was on midget "B" hockey and the Under XVI cricket XI. Last year he was appointed a head boy and this year a prefect. He is a corporal in the Cadet Corps, on the second hockey team, a sub for first football team and is completing his second year on the first cricket XI, as well as being an officer of the Camera Club and a member of the choir.

Dick is not certain of his plans for the coming year but he will always know that B.C.S. will remember his achievements and be grateful for his generosity and sportsmanship.

H. C. M.

#### HUGH HOYLES NORSWORTHY (Nors)

Nors came to B.C.S. with the contingent from Selwyn House in the fall of '36. He immediately distinguished himself at football, and got his colours for first team that year. He played midget "A" hockey that winter and second team cricket during the last term. The following year Hugh, besides being made a head boy, captained the football team and played for first hockey team. The last term he divided his time between cricket and track. This year, a prefect, he was again football captain, and a prominent member of the hockey team. He is a member of the choir and an officer in the Cadet Corps, and is at present giving much of his time to cricket.

Next year Nors is going to McGill and we wish him the best of luck in the continuation of his studies there.

G. A. W.

"Treat him well, and he's a hearty fellow".

#### GEORGE ARTHUR WINTERS

In the fall of 1936, there strode up the front steps, one destined to leave a very definite mark at B.C.S. He was none other than our good friend George.

His first year, he gained a position on the second football squad. In the winter term, he was a leading defenceman on the midget "A" hockey team.

Last year, George moved up to the first football squad; he also played the odd game for the first hockey team. In the spring, the track squad claimed most of George's time. He did, however, find time to gain the honoured position of twelfth man on the second cricket eleven.

This year, George has really come into his own. He was appointed a Prefect at the beginning of the year; he again played middle on the first football team. George also did splendid relief work on the first hockey team. This spring finds Elmer (as he is occasionally called), again "vigorously" training with the track squad. He is a lance-corporal in the Cadet Corps, as well as a prominent member of the special platoon and the colour party.

Having led his form all year, George will no doubt have little trouble with the Matric exams. When last interviewed, he stated quite definitely that he was going to McGill next to continue his "education".

H. H. N.

"None but the brave and beautiful can love".—Bailey.

#### FRED RICHARD WHITTALL, JR.

Fred came to the School in 1931. He spent four years in the Prep. School. He not only successfully passed into the Upper School, but has also done well in sports, making all three first teams.

Fred's "new-boy" year in the Upper was marked by his appearance on the bantam hockey team. In his second year he made the midget "A" hockey team and the Under XVI cricket team. Last year Fred distinguished himself in sports, making the midget hockey team, which won the Eastern Townships championship, and the first cricket XI. He was also made a head boy. This year he is a prefect. Besides being a member of the second football team he has places on the first hockey team and the first cricket team. He won his weight in boxing. There is every hope that he will be a successful candidate for McGill next year.

C. W. K.

#### GORDON DOUGLAS POWIS

"Poo" entered B.C.S. in the fall of '36, and, unable to play football, he immediately made good in his studies and was promoted from IVB to VA. In the winter term "Poo" was a substitute on second hockey team, and won distinction in the Cadet Corps and in the Gym competition. In the spring he was appointed to the colour party. Last year "Poo" was plunging half on first football team and was made a senior on account of his good work in this department. He repeated on second hockey team, won the middle-weight boxing championship, and was appointed corporal of No. 4 platoon. This year, he was again plunging half on the football team and was appointed officer of No. 2 platoon. He is now working hard and hopes to enter McGill next year.

#### JOHN CHURCHILL SMITH

John came to Bishop's in 1935 where he made a name for himself with his fighting spirit. He made the 5th football team, and in the winter term gained prominence by obtaining a position on midget "A" hockey team. He did well scholastically, being promoted from IIIB to IIIA. In 1936, John gained a position on the 5th football team, and once again played midget "A", while the next term he played on the first XI. Last year, John captained 3rd football team, and proved himself worthy of a position on 1st hockey, as well as on 1st cricket. This year, he played 1st team football for a few games, but did not obtain his colours. However, he proved a great help on second team. Playing his second year on 1st hockey team, he was elected captain. His duties he performed well. For the third year in a row, John is playing on the 1st cricket team.

In addition to being a splendid sport, he is a prefect, and is carrying out his responsibilities well. Next year John hopes to go to McGill, and we all wish that he may be as successful there as he has been at B.C.S.

G. S. B.

#### HECTOR SUTHERLAND TROTTER.

Hector came to B.C.S. in the autumn of 1936 and was placed in VB where he ranked among the top three of the form. In the line of sports he was awarded 3rd team football and midgets "B" hockey colours.

Last year Hector was promoted to VIB where he led the class. He made 2nd football and hockey teams, and participated in the annual track meet. He was a member of his

dorm. relay team which won the senior championship.

This year Hector is senior head boy. His good nature and general leadership are both a great asset to his responsibility, and he is in high respect among the boys of the school. Hector was substitute and captain for 1st and 2nd football teams, and he was awarded 1st team hockey colours. He certainly deserves a lot of credit for his team work and sportsmanship on the ice. Hector is a lance-corporal in the Cadet Corps and also a member of the special platoon and Camera Club.

Hector's future is yet undecided, but whatever he goes in for we wish him a world

of luck and success.

H. R. F.

#### JAMES HENRY FREDERICK KENNY.

Jim has been at B.C.S. for seven years, coming from the Buckingham High School. During those seven years, he has done well in studies and in athletics, and is this year a head boy. He was the lightest inside on 1st football team, and earned himself great credit through his playing. He has played on the 1st cricket team for three years, and is a centre on 2nd hockey team.

This year Jim is commander of the Cadet Corps. At gym he proved his ability by winning the gym competition, and has for four years won his weight in boxing. He has been in the choir since his entry to the school, and is the Pirate King in the "Pirates of Penzance".

Jim has as yet no definite plans for the future, but whatever he does, we wish him the best of everything. Good luck, Jim!

R. A. L.

#### WILLIAM HASTINGS HOWE.

Bill arrived here September 1934 and spent his first year in the Prep. There he had a successful year and passed into IIIA. Since then, Bill has passed each year into the "A" forms. In his first year in the upper, he played on 5th football team, bantam hockey, and he was a prominent member of the track squad. Since then, he has worked his way up to 2nd football team, 2nd hockey, and is now one of our best track men. This year Bill is a head boy at Chapman's House, and although he is writing his matric, is planning to return to B.C.S. for another year. Then he expects to go to college, and no doubt we'll see him some day following in his father's footsteps. Good luck, Bill.

J. W. M.

#### ROBERT ANDREW LINDSAY.

Robin arrived at school in the autumn of '35 from Selwyn House. Keen at work and play, he was this year an inside on 1st football team, playing his hardest all the time. In hockey he is goaler for 2nd team, and has been a bass in the choir for two years. A head boy, Robin is server in the school chapel, and is an officer of the school magazine. He is sergeant of No. 3 platoon in the Cadet Corps, and has been in the special platoon for three years. He is also a member of the Players and Carpentry Clubs, and played the slide-trombone in the school orchestra.

Robin is hoping to go to U.B.C. next year, where we all wish him the very best of luck.

J. H. F. K.

#### EDMUND EGAN CHAMBERS

Egan took his place as a member of the Selwyn House group of 1936. That year saw him on the 4th football team and midget hockey; last year he made the 3rd football and 2nd hockey teams, and this year moved up to 2nd football. An ardent member of the Debating Society, Egan was awarded the Grant Hall medal, and was this year president of the Society. But his versatility revealed a flare for acting, when this year he also joined the cast of the Players' Club to portray with astounding ability the part of the Bishop in the "Bishop's Candlesticks".

The School will miss this "eloquent Irishman" next year, and his friendship is deeply treasured by those who have it—strengthening and filled with understanding. Although what the immediate future brings to him is uncertain, Egan is a politician at heart, and we all hope his ambitions arrive at a successful end, and wish him the best of luck.

D. A. A.

#### HARTLAND ROSS FINLEY.

Hart commenced his studies at B.C.S. in the autumn of 1936, entering Form VA. He showed his ability on the football field, being appointed captain of 4th team. He received midget "B" colours in hockey, and made the Under XVI cricket eleven.

His second year, Hart entered VIB. He was awarded 3rd team colours in football, and played for 2nd team hockey. In cricket, he showed considerable promise, being awarded 2nd team colours.

This year Hart was put into form VIA. In football, he distinguished himself at outside for 1st team. He won his weight in boxing, and was one of the mainstays of 2nd hockey team.

Hart hopes to enter McGill next year to take up aeronautical engineering. We all

wish him the best of luck in his matric. and success in future life.

H. S. T.

"All the world's a stage".—Shakespeare.

#### HENRY COLIN MORGAN (Harry)

Harry arrived at B.C.S. in the autumn of '36 and as a new boy that year took first place in signalling. He joined the Players' Club last year, was made an officer of that club and proceeded to distinguish himself in the forthcoming plays. He is, by the way, one of the few original members left. Last year Harry held the post of a sports editor on the School magazine staff, and this year has filled most capably the position of a business manager. Besides this, Harry has been a tenor in the Choir for the past two years and has lustily upheld that section of the Choir. In sports, although Harry has not been outstanding in any one, he certainly has given a good account of himself and this year made the third team in rugby. Harry expects to be back again next year and we sincerely wish him a highly successful school year.

R. M. C.

#### PAUL DUNCAN BYERS (Frog).

Frog came to us in the fall of '37 from Westmount High School, and entered VA. He won his weight in boxing, and came out on top in the gym comp. He also played on midgets "B" hockey team.

This year Frog entered VIA and made the ski team. In Cadet Corps, he became a bugler in the band. He hopes to go to McGill next year, where we wish him the best of luck in all his enterprises.

D. P. D.

#### DONALD PHILIP DURNFORD.

"Butch" set foot on B.C.S. soil from Selwyn House. He was in VA and always ranked in the first six. Last year he shone in the Cadet Corps, being rewarded with the Recruit Cup. This year he is corporal in No. 3 platoon. In the winter term, he just missed the school skiing championship, losing by only a few points to "Rab" Williams.

He has no definite plans for next year, but we wish you the best of luck, Don! G. B. W.

#### EDWARD CLIFFORD GOODHUE.

Ned came to us from Sherbrooke High in the fall of 1937, and went into VA, where he completed a very successful year. He came second in the class, and won the mathematics prize. During both years that he has been here, Ned has played all sports. In the productions of the Players Club, he played Mrs. Bradley in "Buddy Buys an Orchid", and did it very well. He also acted equally well in "The Little Man".

Next year Ned is going to Queen's, and there we wish him every bit of luck possible. G. W. S.

#### GEORGE WILLIAM STAIRS.

George arrived at B.C.S. in the fall of '37 from Selwyn House. He entered VA where he started to work at once. George turned out for all sports, and made the midgets "B" hockey team. In the summer term he excelled in tennis by getting into the finals of the senior doubles.

This year George has played all games again, but he is concentrating on his studies for matric. George entered the Players Club, where he has taken part in two plays. He expects now to come back for the Seventh next year, but wherever he goes, George is sure to make a success.

E. C. G.

#### GORDON BLANCHORD WISWELL.

Wiz arrived at B.C.S. from the Maritimes in the autumn of 1937, and entered VA, where he was always close to the top of his form. He made midgets "A" hockey, and was junior tennis champion. This year he entered VIA and made 2nd team hockey. In the third term he took the leading role of Frederick in the "Pirates of Penzance", being a member of the Choir.

He hopes to enter Dalhousie University at Halifax next year, and we all wish him the best of luck in his enterprises.

D. P. D.

# CHARLES SOMERVILLE BLACK (Count).

Charley, our Swiss skier, came into VIA this year from "Le Rosey" school, Switzerland. He is an active member of the Camera Club, being an ardent "candid camera" man. During the Players Club production, he did excellent work behind the scenes, as sickness prevented him from taking part in the acting. His hobby is golf, at which he is very proficient.

The Count is now working for the second part of his matric, and next year he will go to McGill. Au revoir, Charley!

J. A. D. B.

### HARRY EDGAR TRENHOLME.

Harry first entered this great seat of learning in 1934. He spent this year in the Preparatory School, where he distinguished himself by winning the all-around sports cup. During his second year in the Upper he made a name for himself by winning the "welter weight" boxing title and by making second team rugby. The year 1937-38 was a bumper year for Harry. Besides being a head boy, he made first team football, retained his boxing title, and was captain of midgets "B" hockey team. Harry returned to school in 1938 a prefect. He repeated his excellent play as outside on first football team, for which he was awarded the Cleghorn Cup. He was also captain of 2nd hockey team and is corporal of No. 1 platoon. B.C.S. will be very fortunate to have Harry back next year.

G. D. P.

"Yond C. . . . has a lean and hungry look; He thinks too much".—Shakespeare.

#### CHARLES WILLIAM KENNY.

"Chas" came to B.C.S. in 1932. He entered the Prep. and remained there for two years. In the Prep. he distinguished himself on all three teams and in his studies. In '34 he entered the Upper and went into IIIA. That year he was on the second football team and was a member of the bantam hockey team, Eastern Townships Champions. The next year Chas again played on second football team and was captain of the bantam hockey team. His third year in the Upper he played on the second football team again and was a member of the midget hockey team and the Under XVI cricket team. The next year he was captain of the 2nd football team and was made a head boy. He was captain of the midget hockey team and was an officer of the Cadet Corps. This year Chas was made a prefect and was on first football and hockey teams.

Charlie is writing most of his Matric this year and he will be back next year to take the rest. Good luck, Chas!

### COLIN DOUGLAS SEWELL, (Doug). 1933-1939.

In 1933 a rather mystified young lad of ten years from Matane, made his entrance into our Preparatory School. However, he did not take long to make many friends and get into the atmosphere of his new life, for in his first year he made the three first prep. teams and the choir. The following year he was elected captain of the soccer XI. Upon leaving the prep, one of his main ambitions was to make the three first teams; he started right after this ambition by getting on the first cricket team, a record for a person in the third form. In the following years he has steadily made his way to the top and is now on the three first teams, a head boy and a corporal in the Cadet Corps. After he gets his matric this summer, he intends to go to Bishop's College, where we are all sure that he will continue to make a success in all activities.

C. D. D.

# CHARLES DUNCAN DUCLOS (Duke).

Duke came to Bishop's in the fall of 1937, from Foresthill School in Toronto. He immediately distinguished himself by making the third football team. He won the Recruit Cup and was made a member of the Colour Party. Duke won the junior doubles in tennis with P. T. Molson. He was also on the second cricket team.

In 1938 he was appointed a corporal and was again a member of the Colour Party. He was promoted to second football team and became a member of the first cricket XI. Duke entered the Choir and was made a Senior. He won the senior tennis doubles with Anglin.

In this, his last year, Duke is a member of the second football team and first cricket XI, and ran second in the cross-country. He is in the Choir and a head boy in Chapman's House. Duke is taking a leading role in the present production of the "Pirates of Penzance". He does not intend to enter College, but whatever he does we all wish him the best of luck.

C. D. S.

"Men of Humour are always in some degree Men of Genius".

#### WILLIAM EDWARD DUGGAN GRAY.

Dug began his career at B.C.S. in the fall of 1935. From the beginning he showed a great interest in all sports, and won his weight in boxing that fall. He has always been a hard worker and his keen sense of humour has made him constantly in demand. Dug's activities in the Dramatic Club plays were many and outstanding. Having passed his year well in the spring of '38, he was appointed a head boy on entering the sixth in the fall. Dug played for second football team that fall, and became a strong support in their games. Being a conscientious cadet, Duggan was placed on the Special Platoon last fall, and this spring was made a member of the colour party in the Cadet Corps. Our fighting Irishman hopes to attend Queen's University this autumn, and on his leaving here, we all wish him luck for the future years, hoping that he will visit B.C.S. again, whenever he is nearby.

J. M. F.

"If you for a merry jaunt, I will try who can foot it farthest."

### LEWIS CROSSETT KIBBEE (Kib, Lew).

Kib arrived at B.C.S. in the fall of 1936 from Boston. He entered the fourth form, and proceeded to come first in his class. In sports he made third football and midget "B" hockey. The next year he was promoted to  $V_B$ , where he again carried off top honours, also he made second football team, and was a very useful member of the ski team.

This year "Lew" was made a head boy, a sergeant in the Cadet Corps and he is a member of the Magazine Staff. Due to a knee injury he was unable to play football. However, he again made the ski team. Kib will no doubt get his matric, and next year he hopes to enter Annapolis, where we all hope he will do as well in his work as he has done here.

E. S.

## DAVID ANTONY STUART ATKINSON.

In the fall of 1934, a young gentleman arrived at B.C.S. and presented his credentials as David Atkinson. Since then he has played a prominent part in school life both in the Prep. and in the Upper. He missed the year of 1936-37 through illness. David's interests lie in the direction of Dramatics, and Music. Last year he won his weight in the boxing comp, acted in the School plays and acquitted himself well in the Debating Society. This year he is a head boy, and portrayed excellently two leading roles in the productions of the Players Club. He is also one of the principals in the "Pirates of Penzance", in which he distinguished himself. Dave has been a member of the Choir and Cadet Band ever since his first year, and is now President of the Players Club.

David hopes to go on the stage, and we think he is well fitted for it, for his spirit of good fellowship and cheerfulness has endeared him to all.

"Use him well, and he is a hearty fellow."—Dickens.

### JAMES MITCHELL FLETCHER.

Jim came to B.C.S. in the fall of '35. He at once proved his ability for sports of all kinds, and in the winter term showed himself to be a valuable member of the Bantam hockey team. The next year he played on the third football team and was runner up in his weight in boxing. During the fall of '37 Jim was unfortunately unable to play football due to a leg injury, but in the winter played midget "B" hockey. This year Jim made second football team and subbed for first together with second hockey. He is also a business manager of the magazine, a member of the special platoon, and has always been a keen dramatist. Jim hopes to attend U.N.B. next year and we all join together in wishing him the best of luck.

W. E. D. G.

"You find yourself refreshed by the presence of a cheerful person".

### ELLIOTT SPAFFORD (Spaff, El.).

In the fall of '33 Spaff made his entrance in the Prep. Here he made all teams in his two years before he came into the Upper. Here also he was welcomed to the Choir, where he has been a valuable member for six years. The following year while still in the Prep., his ability to play the bugle gave him a place in the Cadet Corps Band of the Upper.

The fall of '35 saw El in the Upper, where he continued to serve the band, and now is doing an excellent job as bugle-major. In the Third Form he came second in the class for the year and was a member of the Bantam hockey team. The following year he played midget "B" hockey and last year also, as well as making the Under XVI cricket team.

This year Spaff played second team football and hockey, and made the ski team, and the B.C.S. Magazine was again helped by his untiring work and great ability, and will have difficulty finding somebody to replace him next year.

Elliott's plans for next year are indefinite, but wherever he goes we wish him lots of luck, and know he will succeed.

L. C. K.

# DAVID ALEXANDER GASS (Zeke).

"Zeke" stood on the front steps for the first time in September '37. He spent that year in  $V_B$ , and was a useful member of the third football and midget "A" hockey teams.

When spring came around "Zeke" put on his track shoes and proceeded to show the boys a thing or two about jumping, placing first in the broad and high jump in the School meet and second in the broad jump at Stanstead. Last fall he was captain of the third football team.

During the winter he was unfortunately unable to partake in sports due to a dislocated hip which he received while skiing. This Spring he is again one of the star members of the Track squad.

"Zeke" hopes to attend Mount Allison next year. May he have every success when he gets back to the old home town of Sackville, N.B.

C. M. W.

#### JAMES RONALD DOUGLAS BAYNE.

"Precious" arrived at B.C.S. in 1936 from Sherbrooke High School. He showed great ability in Gym was a keen skier and cricketer. Precious did not direct all his efforts to sport however, and won two prizes for school work, a feat to be proud of. This year he hopes to get his matric, but will be back here next year for senior. We wish him the best of luck in all his enterprises.

C. S. B.

#### CHARLES MECUM WILLIAMS

In the fall of '38, one fine morning Charlie jumped off the Shawinigan Falls special, and dolefully made his way up to the front door of B.C.S. He was immediately found to be a very fine scholar by the other members of VIB, who appreciated his presence in Prep. very much.

When the winter term came around with its skiing Charlie cleaned up in all the school competitions, winning the Whittall Cup and coming second in the Eastern Townships inter-scholastic ski meet at North Hatley. Now that the spring term has come along, Charlie is one of the prominent members of the track squad.

This hero of Shawinigan Falls hopes to spend next year working in the home town and all of we Sixth formers wish him the best of luck in this project.

# TOM THORNLEY STOKER (Thorn).

D. A. G.

Thornley, this year's head boy of "C" dorm, is completing his sixth year at B.C.S. with prospects for a good mark in matric. On coming into the Upper in 1935 he joined the Camera and Carpentry clubs. He is now president of the Camera Club, and has been a great asset to the Players Club in running the lighting and back stage work in all plays produced for the last two years. In the winter Thornley goes in for skiing, and for the last two years he has held a position on the ski team. It is also his second year as librarian. In the Cadet Corps he has risen to the rank of lance-corporal and is in the colour party.

Thornley hopes to go to McGill after he gets his Matriculation and we wish him the best of luck.

D. J. D.

"Though this be madness, yet there is method in it."

# GORDON SAMUEL BLACK.

September 1935 saw Herky enlarge our already numerous throng of Maritimers. A keen athlete, he made the 5th football team, and took a large part in both hockey and cricket. The following year Herk did even better in the field of sport, being on 3rd football team and a goaler on midgets "A" hockey. But it was in cricket that he excelled, and in receiving his colours, fulfilled an early ambition. This year Herky was made a head boy, and although hard at work at his studies, he still had time to win 2nd team football colours. In hockey, he earned a position on the school 1st team, standing out as a goaler. Again he is a member of the cricket team and is doing very well to date. But most of his time is spent in working for his matric. exams. He hopes to continue his studies at Dalhousie University, where we wish him all the best of luck.

# Five-A Notes

Tomlinson . . . This bright young lad looks like Einstein (in our minds), acts like Einstein, and corrects scientists' theories like Einstein (Ask any master). Wregg . . . . Recently found out that 100% in Latin didn't help him in Cadet Corps. When did you work that 320 minutes off, Alice? Stairs . . . . . Was again awarded the Nobel Prize for keeping the Form Average up. This was his fifth in a row. They must be getting generous! Penny . . . Tall, fair and good-looking and his tobacco sure smells good. Mills . . . . This bonnie lad from Scotland hopes to get his Matric. before his hair turns grey. (If he has any left,-eh Sandy?) Palmer ... Woggie arouses us every morning with his uncalled for "Warning Bell" which "gets us down" instead of up. Ramsey . . . A great authority on the breeding and raising of hogs. What fertilizer do you recommend, John? MacTier . . . Tony, who hails from Montreal (as most of us do), spends most of his time up in St. Agathe with his pet goat. (Say nothing of the gals). Thornhill . . . An angel from Heaven, but we wonder why he puts cotton in his ears before Prep. MacFarlane . . Mac held the VA floor for four hours debating on the "Virtue of the Extinction of June-bugs". His grin is God's gift to the pessimist. Hale . . . . The one and only Maritimer in this exalted form. Bill has big feet and a big head but he sure gets around. Eh, Bill? Collier . . . . We don't know whether Bob is a Japanese, American, or English spy, but we do know that he tried to blow VA up to VIA, and also that he didn't succeed. Too bad.

# Five-B Form Notes

A is for Albro who is a head boy,
B is for Belenden who to argue finds joy.
C's there are none except Crichton again,
D's there are two, one is Day with a brain,
The other Dobell who loves to get drill:
E is for Eaton who passes the pill.
F's there are none, so I don't have to write,
G is for Gibsone who may rise to great height.
H is for Holt who is a great swot,
Both I's and J's in class we have not.

K is for King the wisest of all,
L we have Lindsay who is called Brother Paul.
M is for Molson, in sports he will shine,
Another is Monty who takes up this line.
Now we have a relapse and the letters start spinning,
And we come out at Stewart who has never stopped grinning.
T's, U's and V's evade the limelight,
W for Winser who with lucre is tight.
No X, Y's or Z's. This form has diminished,
And that's just as well for now I have finished.

A.D.

## FIFTH FORM FLASHES

Mr. Paul Lindsey has been seen sporting a new yellow polka dot tie lately, but is now down with eczema of the ear tips.

Albro Crichton, Esq., who has come up from Newport for a short visit, will escort Miss Cedrika Winser (that buxom lass from Cowansville) to the annual plumber's ball.

We have just learnt that Miss Sebag Montefiore has captured first prize in the Miami bathing beauty contest. 'Tis said that she received a long term contract from N.U.T. studios.

Bellenden Hutcheson, well known gangster from Cairo, Ill, was arrested with P. G. Holt, who robbed the First National Bank in 1934. They were heading north in a dark sedan and were picked up on the Newark pump and turnpike. Hutcheson will be charged with lynching.

Mr. Happy Day and Mrs. Alfreda Dobell (Mr. Dobell is out of town), were seen with the well known shirt manufacturer Donald Stewart at the "OH BOY CLUB" Saturday night.

Ed. King, the tobacco merchant, and his pal Georgie (Babyface) Gibsone of Quebec City, having just been released from the Bordeaux pen, left yesterday on a three weeks' tour of Montreal's bright spots.

Bill Molson and Randolph Eaton have just recovered from the after effects of a two day hunger strike. After the two days were up they are so much that they were deathly ill for almost a week.

P. G. H.

# Four-A Notes

Some weeks ago a great, widely-advertised softball game took place. The result was that the Shell super-speedy, bulging-biceps, hard-hitting, handsome heroes were defeated by a wide margin of runs by the flustered Fourth (to use some of the titles devised and used by the Shell propaganda bureau).

Bishop is reputed to have brought down at least half of the sixteen junebugs which the form accounted for during prep. the other night.

Guess who: Tinkle, tinkle, crack! bang! crash

N.B.—If you cannot guess, we recommend you to the nearest ear-doctor.

We are very proud to have in our midst so many of the cast of the "Pirates of Penzance". In particular we should congratulate David Shelley Nicholl, the Poet Laureate of the Fourth Form, who played to perfection the part of Ruth in the performance. We do not wish to embarrass two of the chorus of girls who are amongst us by naming them, but we extend our congratulations to them and to the pirates who are in the form.

We have been doing the "Tempest" for English this term upon the stage. It has been pretty good fun on the whole, but it is a queer fact that twice as many boys as were actually on the stage were invariably not in their seats. We wonder where . . .?

There is a vague rumour that Holley has bought a new notebook passing around . . . how much would Ripley give for that?

There have been warlike noises from a certain member of the form since Mussolini declared that he would take the whole of Africa.

We have not heard from Chunky Woodward since last term, but we hope to see him back again next term.

Question of the hour: Who the . . . . put the junebug in my ink?

# Shell Form Notes

Derek Atkinson. This year proved good to Derek; he made 4th crease football and bantam hockey. This last term he has made "The Rest" cricket crease. Doing well in school-work.

Philip Atkinson. He has followed much the same course as his brother. They are both altos in the choir.

Leslie Davis. Les has now seen his 6th year at B.C.S. He made 4th team football as half-back. He played midget "B" hockey, and proved very valuable to the team, getting many of our goals. In cricket he made 2nd team as a good batter. He is also working very hard at studies.

John Dohan. This is John's first year at B.C.S. He was unable to participate in sports at the beginning of the year, but now he is trying for all of them. He is our number one scholar.

Trevor Evans. A "New Boy" in the upper doing his utmost in both work and play. He made the 3rd crease football, the bantam hockey, and now he is out for under XVI cricket.

John Flintoft. Second year in the upper and is doing good work. He made the 3rd crease football team, the midget "B" hockey team, and now he is trying to make the under XVI cricket team.

Ned Fisher. Ned is a neutral this year. He has made the 4th team football, as well as the midget "A" hockey team. This term Ned is on the under XVI cricket. He is at the moment knee deep in books for the June exams.

Bill Hollingum. A "New Boy" this year. He started in the 3rd form and at midterm he was put up to Shell, where he has been working very hard to get into the upper next year. Due to his heart Bill has been out of sports altogether, but we are sure that he would be a sensation if he turned out.

Richard Keator. Dick is a neutral this year and was a member of 2nd crease football. He was a steady member of Tyros hockey, and this term is on the under XVI crease.

Brian Lynn. Brian did alright for himself this year in the line of work and of sports; he made a very good show in football by making the 3rd team which beat Sherbrooke 44-0. He then made the midget "A" hockey team. This term he has been working at the shooting range.

Gerald Macdonald. Gerry, in hockey, was made the captain of bantams. Coming up from the Prep. he was naturally a good bowler and his chances for under XVI are very good.

Frank Morkill. Franky did not make any football team be ause it was a new game to him. In hockey he showed his true colours by making the bantam hockey team. Now he has turned to "The Rest" cricket squad.

Vernon Murray. In football he played his best on 3rd team, in hockey he was a sensation at guarding the nets for midget "B". Now he is a white hope for under XVI.

Tom Patton. Tom was a good lineman for 3rd team football all through the season. He was on the ski team that went to North Hatley, where they came second in the meet This term he is a member of 2nd crease cricket.

Robert Powell. Bob was on the 2nd crease football squad, on the Tyros hockey crease, and now he is on "The Rest" cricket.

Ken Rapley. Ken, even with his light weight, made the 4th team in football. Then, not stopping for a moment, he made midget "B" hockey. Now he is on "The Rest" cricket.

David Seton. Dave this year had a very successful time. He started off by making the 2nd team football, after that he won the junior cross-country. Dave the 2nd term was on the midget "A" team that finished 3rd in the league. This term he has turned to track.

Ian Sewell. Ian started by being a member of the 3rd football team followed by the midget "A" hockey. Now he is the only one in Shell to make the first cricket eleven this year.

Ted Sheppard. Ted at the beginning made the 3rd team football, then he made midget "B" hockey as left wing. This last term he has made the School's 2nd cricket team. He is the only one in Shell to be a lance-corporal.

John Shuter. John is a New Boy in the IIIA part of the form, still he is one of the top boys in work. The sports are new to John so that he only made the 4th crease football. The winter term he made bantams. This term he was on "The Rest" cricket.

# Third Form Notes

#### HOW LONG?

Men grief and battle strife were very near, When all the world was mourning for the dead Engulfed in one great overpowering fear.

That's what they said, and when the storm had passed; Had left behind its havoc raw and stark,
They hoped that it would prove to be the last—
But no, the scars of hatred left their mark.

And now, it seems some men would fight anew; Rebuild the glory that was their's before; Take up this earth and toss it to the blue, And plunge the writhing world back into war.

Ah! Lord! Must ever mankind fight again To satisfy the fickleness of men?

DAVID SHELLEY NICHOLL, IVA.

# Skiing

B.C.S. had a most successful year in the way of skiing. More enthusiastic skiers came into the club, including several new boys who were among our best skiers. The shining star this year was Charlie Williams, followed closely by D. Durnford. The fact that the early winter months were very unsettled did not stop the ardent skiers from turning out regularly. No Canadian Amateur Ski Association Ski Tests were taken in the Upper this year due to the lack of a coach during the latter part of the season, however, we were lucky in having Mr. Hume Wright from the College as a coach during the first half of the season.

Several trips were made to North Hatley on one of which the Eastern Townships Ski Meet was held for the Schoolboys of the Eastern Townships and Vermont. Charlie Williams won a pair of ski poles, Landry a pair of harnesses, and smaller prizes of ski wax were won by other boys.

The Whitall Competition Cup was won this year by Chas. Williams, who was followed by D. Durnford. The results of the Whitall Competition are as follows:—

Name	Downhill	Slalom	Cross Country	Total
Williams	. 100%	100%	96.8%	296.8%
Durnford	. 99.1	88.6	100	287.7

### GYMNASTIC COMPETITION

On the twenty-ninth of March during the Easter Term the Gymnastic Competition was held with much success. There was no Senior Class this year. However, the Intermediate Class was won by Kenny II, second King and third Seton.

The Junior Class was divided into two classes, the Junior Novice and the Junior. David Landry won the Novice Class, followed by D. McConnell. The results of the Junior Class taken as a whole were:—Sewell II 1st; Landry 2nd; McCuaig 3rd. The Martin Cup for the most improved gymnast was won by D. Landry.

#### THE FRENCH CLUB

Le Cercle Francais has just completed its first year at B.C.S. It was a most successful innovation with eighteen members, and next year we hope to have an equally as large attendance. The object of this club was to encourage the fluent speaking of French.

The society was under the direction of Mr. Hall, and many thanks are due to him for the kind use of his radio, and for his obtaining several French newspapers.

During the first term, P. G. Wilson's "Le Philanthrope Malgré Lui" was read and parts were assigned. Several evenings were spent acting it in the club-room itself, but owing to lack of time it was not produced.

The Saturday evening procedure of the club was the singing of several French songs, such as the "Marseillaise" and the "Reve". Various games were introduced.

One evening we were visited by Mr. Yarrill, of U.B.C., who gave us a description of his recent travels in France. Afterwards he answered questions concerning German-French relations, and the Maginot Line. Then refreshments were served, and a very enjoyable evening was had by all.

During the latter part of the Summer term the attendance was irregular, owing to the fact that the majority of the members were working.

As this term draws swiftly to a close it concludes, among other things, a very successful year for the Camera Club and all those involved in it. We have obtained at different times throughout the year some new equipment, and the new darkroom facilities which we now have enable us to turn out much finer results than ever before. The clubroom has been a great success and with the surplus funds left over at the end of the year we intend to buy some magazine subscriptions for it.

Most of the work done this year was done by the younger members, among whom are several very keen photographers, and the fruit of all their work will be apparent in the near future. The work has been much more extensive this year and the quality of it is improving rapidly. The financial end of the Club has been fortunate enough to finish up with a sizable surplus.

After the results of this year it is inevitable that we should rise to greater heights next year, and we hope that we shall be able to produce a calendar. I should like to remind you of this intention now in order that you may be able to bring back some suitable pictures at the end of the summer. The members of the Committee join with me in wishing you a very happy summer and the best of luck with your camera.

#### THE STREAM

That beauty hath the silver stream among
Tall spruce and pine and fir, the loveliness
Of all these things in summer's stately dress,
The stream delightful as the setting sun.

Down in the depth of soft clear crystal pools

The speckled trout lies still, while overhead

The sunset with its hue of gold and red

Blue, purple colours glittering like jewels.

The evening settles on this silent scene,
Of Godly love and will, and very soon
The stars peep out, and then the full-faced moon
Upon all this, she gazes as a queen.

For mother nature has prepared these things, To rest the harassed minds of human beings.

Stage Manager C. S. Black

The Players' Club presented two sets of plays this year, which were under the direction of Mr. Moffat. The production of this series was greatly assisted by the completion of the new stage, which has already proved a great addition to the life of the School. The first group consisted of three one act plays, The Knothole, Buddy Buys an Orchid and The Bishop's Candlesticks, which were an overwhelming success fitting for the first performances in the new theatre.

The first play of the group, *The Knothole*, was a detective story dealing with the round-up of a clever criminal, Joe Perfection, who would have successfully completed the perfect crime had it not been for the inevitable flaw—one small knothole. Morgan made an excellent Detective Delaney and Norsworthy, as Joe, did a difficult part well, though at times he tended to over-act. Collier II as Delaney's impulsive assistant showed considerable ability. Derek Atkinson as Marlowe, Fletcher, Sewell and Atkinson III

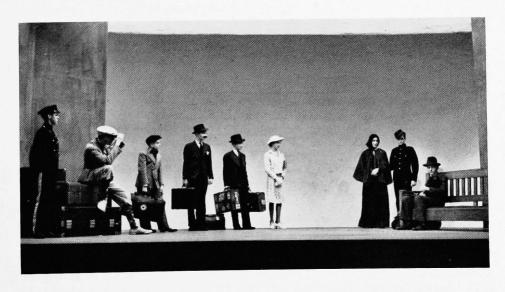

"It's so long ago that I forget . . . " (from The Bishop's Candlesticks).

completed the cast. Although the acting was good, this play did not attain the standard reached by the other two, owing to a rather weak plot.

The second play, Buddy Buys an Orchid, was a most amusing domestic comedy which the audience thoroughly enjoyed. In it Buddy, a boy in his early teens, has many difficulties in getting ready to go out to a dance wearing his first tux. McCuaig in the title role was excellent and convulsed the audience with his tantrums. Goodhue, as Mrs. Bradley, was a most convincing mother. Stairs, who took the part of Alida, Buddy's sister, Lindsay III, as the negro cook, and Wanklyn, as Bill, Alida's lover, all gave good performances. The excellent co-operation between the members of the cast contributed a great deal to the success of this play.

The climax of the evening, The Bishop's Candlesticks, a vivid and stirring drama, was an excerpt from Victor Hugo's Les Miserables. The part of the convict, Jean Valjean, was played with great skill and intensity of feeling by David Atkinson. Egan Chambers deserves special mention for taking over the part of the Bishop on short notice, owing to the illness of Black III, and in spite of this handicap, giving one of the most finished performances of the year. These two, in the major roles, assisted by the very capable acting of Owen Grav, as Persomme, the Bishop's sister, and David Nicholl, as Marie, the poor maid, united to give a most impressive presentation of the play. The effective simplicity of the set, in which the wide expanse of the cyclorama, illuminated from below, was broken by black screens; and the carefully chosen music were well in accord with the spirit of the play.

Der Bubi hat Typhus! (from The Little Mann).

The second group which were produced at the end of March consisted of two plays: The Rehearsal, under the direction of Mr. Grier, and Galsworthy's The Little Man directed by Mr. Moffat. The former deals with a rehearsal of Macbeth. In it Shakespeare is a member of the cast, but he causes the rehearsal to end in confusion when the soliloquy he writes for Macbeth fails to satisfy Burbidge. Morgan as Burbidge and Nicholl as the Producer, share the honours for their splendid performances. Bayne in the part of Mr. Hughes, playing Lady Macbeth and Gray as the Stage Manager created great amusement. Landry as Banquo was very good. The remainder of this cast joined in making this play extremely enjoyable and humourous.

The Little Man was a comedy in which the action was subordinate to the delineation of the characters of various national types. The self assertive, brotherly and intellectually shallow American, who almost wholly monopolized the conversation, was played with skill and understanding by David Atkinson. McCuaig and Cockfield as the Englishman and his wife, and Doyle as the German showed ability. Wanklyn in the title role deserved special praise for his restrained performance of this unusual part. Crichton made an excellent Station Official and appeared to have no difficulty in making his meaning clear to the audience, though many of his lines were in German. Goodhue as the German Mother, Fletcher as the waiter and Morkill as the Dutch boy with Sewell II and Atkinson II as extras, gave proper significance to the minor parts. Members of the cast are to be congratulated for their splendid interpretation of a difficult play.

#### THE PIRATES OF PENZANCE

On May 19th and 20th B.C.S. became an exciting place. There was a real shortage of school boys and instead the place teemed with all kinds of extraordinary characters. First came a rollicking band of Pirates, consisting of scar-faced half breeds, one-eyed mulattoes and every kind of desperado; they were led by their magnificent, swashbuckling, swaggering King and his able Lieutenant Samuel. Then there was that galaxy of beauties, the daughters of Major-General Stanley, who tripped and skipped and sang so charmingly, peeping coyly from under their poke-bonnets. Last but not least there appeared an amazing collection of policemen, each worthy of being a "museum piece"; they pretended that their lot was "not a nappy one", but in spite of being the most arrant cowards, they had the glory of rescuing the damsels in distress.

These were the characters, who had the honour of playing in "Pirates of Penzance", the first B.C.S. Amateur Operatic production on the new stage. On both nights large audiences were completely delighted, their enthusiasm was whole-hearted, their applause spontaneous.

Perhaps highest praise should go to the choruses, who made a fine background for the principals. On both nights the ladies' entrance captivated the House, when they came running un singing "Climbing over rocky mountains". They were most feminine, as they smoothed their dresses, tidied their hair and chattered away. As for the men, we shall never forget their "Tarantara" and "Cat-like tread" choruses. Congratulations to you all, chorus girls and chorus men, you did a fine job.

CAST OF THE FIRST ACT

Mabel, "completely adorable in her blue frilled frock" thrilled the audiences with her ringing voice. It was noted with interest that her dark curls were most appealing, and that her big brown eyes were used to good effect. Major General Stanley, that most remarkable model of a modern Major General, with his easy assurance and "savoir de faire" was fascinating and his singing and acting were much appreciated. The Pirate King acted effectively, sang lustily and used his Cadet Corps voice sonorously; in spite of his alarming costume he had a strong sense of duty and a real feeling for orphans. Samuel, with his hearty piratical voice, was an admirable Lieutenant; he knew his part thoroughly and led the choruses well.

The Sergeant of Police had a real cockney accent, and it was hard to realize that a few weeks before he had been a drawling American in "The Little Man". His songs and acting were tremendously popular. Ruth, the piratical maid of all work, played her part excellently; her singing was admirable and her acting very convincing. Frederic did well in a difficult part; his singing was much enjoyed, and he was such a romantic lover that he is now receiving fan mail (from Compton?). Edith, Kate and Isabel all had pleasing voices and looks, and showed charming sisterly concern over their forward sister Mabel.

But we must remember that "the glory of the garden lies in more than meets the eye". Mr. Page is much to be congratulated as he was responsible for the singing. Congratulations are also due to the producers, Messrs. Pattison and Grier, to the accompanists, Miss Allen and Mr. Wright, to Messrs. Moffat and Evans for the colourful costuming, to Mr. Speid for the lighting, to Mr. Hawkins for the business arrangements and to many others, who helped in different ways to make the production a success.

Performers and producers alike are to be congratulated on the willingness with which they faced the hard work. Rehearsals started soon after Christmas. Altogether it was a fine piece of TEAM work, worthy of our new stage and in keeping with the B.C.S.

THE POLICEMEN

tradition, and it has shown beyond doubt that the new stage will be a real contribution to the cultural education of B.C.S. boys.

Now the question in everyone's mind is: "What shall we do next year?"

#### ON PARTING

Here's to you, friend; may this our parting be Cherished forever in your memory; It shall in mine . . . . yes, though our ways have crossed And parted, naught of comradeship is lost.

Together we have faced a hidden foe, And vanquished him in battle, blow for blow, Dared death together, borne each other's load, Ne'er in our friendship seeds of hate were sowed.

And now we part—but may we meet again If not in life, perhaps in other ken Beyond it, this our friendship we'll renew; But ere we part, a final toast to you!

KENNETH HUGESSEN, Form IVA.

# Mockey

The 1939 season was one of the most enjoyable in many years. From January to the middle of March the players took advantage of the fine weather, for the few brief thaws did not interfere with regular creases and games.

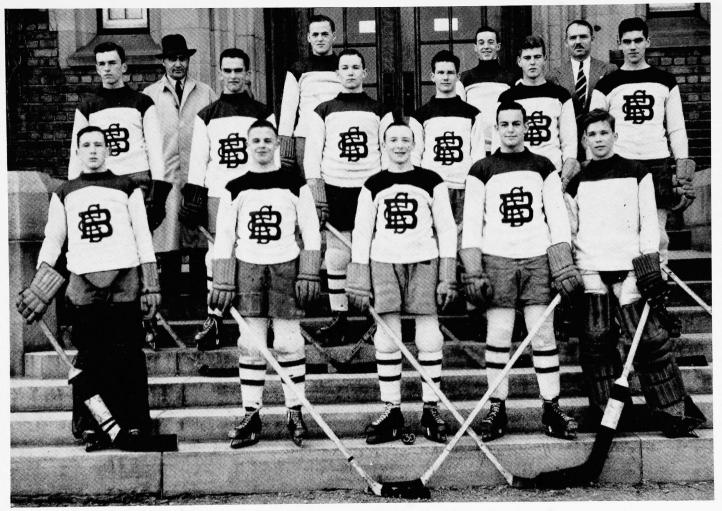

Although B.C.S. lost the Ashbury Old Boys' trophy for the first time in three years, the Juveniles gave a good account of themselves in all their games. The Junior teams, Midgets and Bantams, did not succeed in winning their leagues, but played good hockey throughout and gained useful experience for next year's teams.

It is worth remarking that the general good health of the skating crowd enabled the creases to play most of the time at full strength. The same thing is true of league matches. No serious illness weakened any of the squads, while colds were fewer and lighter among players than in previous years.

The first team played a better brand of hockey than their record shows, and although it was not good enough to retain the Cup, we feel that we lost to a better team in Ashbury, to whom we extend our congratulations.

We are glad to take this opportunity of expressing our sincere thanks to our coach, Mr. G. M. Wiggett, for a grand season, and we hope that he enjoyed directing the team as much as we enjoyed playing under him. And while congratulations are in order, we give our heartiest to the Prep. School Bantams who won the Eastern Townships Championship in their league.

- J. Churchill Smith, 2nd year, center. The captain proved to be a fine playmaker and team leader. Aggressive, fast and persistent, he drove in tirelessly for goals, while his back-checking increased the defensive strength of the team. A very valuable player whose ability and esprit de corps will be greatly missed.
- H. H. Norsworthy, 2nd year, right wing. "Nors" really got up steam this year and gave everything he had during the School games. No player tried harder. A fast skater and a good playmaker.
- W. M. Molson, 2nd year, left wing. One of the School's keenest hockey players, "Bill" enjoyed a very good season. A fast skater who packs plenty of weight and his greatest asset is knowing how to beat a goaler.
- D. J. Dodds, 2nd year, left defense. One of the School's finest defencemen in many years. He covers plenty of ice behind the blue line and breaks away on a rush with tremendous speed for such a big fellow. He usually played 60 minutes and he spent no time in the penalty box throughout the season.
- R. C. Eaton, 2nd year, right defence. Although he didn't realize it "Randy" was an improved player from last year. A heavy hitting defenceman who also could skate very fast and who packed one of the hardest shots in the School.
- C. D. Sewell, 1st year, left defence. A formidable defenceman who thrives on a rugged game. "Doug" is a promising hockey player who should do very well during the coming years. He breaks fast and sets up very good plays.
- C. W. Kenny, 1st year, center. What he lacks in speed, he more than makes up in craftiness. A good playmaker with whom it was a pleasure to play, very dangerous around the nets and a consistent worker.

Back Row—C. D. Sewell, G. M. Wiggett, Esq., H. S. Trotter, G. A. Winters, C. W. Kenny, F. R. Whittall, H. W. Morbland, R. C. Eaton, C. G. M. Grier, Esq., D. J. Dodds.

Front Row—G. S. Black, W. M. Molson, J. Churchill-Smith, (Capt.), H. H. Norsworthy, J. A. S. Penny

- F. R. Whittall, 1st year, right wing. A player who has great possibilities for the future. He improved as the season went along, could stickhandle and skate as well as anyone on the team. His greatest asset was a wicked, hard shot and the goalers are still dismayed at the accuracy of it.
- G. S. Black, 1st year, goaler. If there is such a thing as "top honours" in hockey, "Herky" took them for his excellent goaling. He rose to great heights in most of the games and fully earned his colours. He has a good eye and capable hands.
- H. S. Trotter, 1st year, left wing. One of the School's most improved players. Not a star but a consistent player who watched his wing like a hawk. His play finally bore fruit in the L.C.C. game when he played an outstanding game.
- The Substitutes, Winters, Penny and Moreland, the utility defence, goaler and forward respectively, played in many of the regular games and acquitted themselves well. With more experience, any of them might have figured in the line-up. When used, they teamed well with the regulars who are glad to give credit to the spares for their help in the pinches.

#### BC.S. Overwhelms College Jrs. 8-2

Jan. 16th, 1939-

B.C.S. opened the 1939 hockey season with an eight to two victory over the College Juniors.

Displaying a speedy attack throughout the three periods the School not only outscored but outplayed the College students. Ch. Smith lead the School attack with three goals and two assists. The other marksmen were Norsworthy, Molson, Eaton, Trotter and C. Kenny with one goal each.

B.C.S. Goal: Penny and Day; defence: Eaton, Dodds; centre: Ch. Smith; wings: Molson, Norsworthy; alt.: Sewell I, Winters, Moreland, Whittall, C. Kenny, Trotter, MacFarlane

College Jrs. Goal: Everett; defence: W. Tulk, R. Tulk; centre: Peabody, wings: Flintoft, Lunderville; alt. Kinvin, Mackie, Tomlinson, Shaughnessy, Nickson.

# B.C.S. Defeats College Jrs. 7-4

Jan. 21st, 1939-

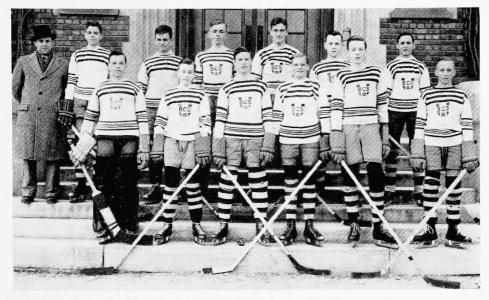

The School scored their second victory of the season in as many games, by defeating the College Jrs. to the tune of 7.4. The School was leading 4.0 at the end of the first period, but in the second and third periods the heavier College team took full advantage of the slow ice to roughen the game up. However, each team scored twice in the second period and the College outscored the School 2.1 in the last frame, making the final score 7.4 in favour of B.C.S.

Ch. Smith and Moreland each scored three goals while Norsworthy had four assists and Molson scored the remaining goal.

Due to shortage caused by injuries to some of the players, R. Black, last year's captain, donned his hockey equipment for the first time this year, and played very well.

#### B.C.S. Defeated by College Srs. 6-3

Jan. 25th, 1939—

The School went out of their class to play the College senior team and although they had an equal share of the play, they were outscored 6.3.

The first period was very close with the College getting the only counter in the dying minutes. Our opponents started very quickly and notched three fast goals in the early stages of the second period; then the School secured their first goal when Bill Molson took a pass from Ch. Smith to make the score 4-1 for the College. The College counted two more in the third while Molson notched two more goals, making the final score 6-3. In the last period the School put on many impressive power plays, and often kept the College in their end for two or more minutes at a time.

B.C.S. Goal: Penny, Black II; defence: Dodds, Eaton; centre: Ch. Smith; wings: Molson, Norsworthy; alt: Trotter, Whittall, C. Kenny, Winters, Sewell I.

#### B.C.S. Loses to East Angus 6-3

Jan. 26th, 1939-

B.C.S. lost their second game in a row to East Angus by the score of 6-3. The team, playing at home before the whole School, started off in great style only to weaken in the last three minutes of the first period and let Angus account for two goals.

In the second frame the game became a little rough, but this did not stop Angus from notching two more goals, making the score 40 at the end of the second period.

In the third stanza the spectators were treated to some of the most exciting hockey seen at B.C.S. in many a year. Just after the start Dodds broke away and passed to Trotter, who scored the first School goal. This seemed to put a new spirit into the team. A few minutes later Dodds again broke away and this time he himself scored. Norsworthy scored off a pass from Ch. Smith making the score 4-3, but still in favour of East Angus. The School then put on a power play which had the spectators frantic as time after time they just missed scoring. But then Angus got two lucky goals to clinch the game with a score of 6-3 in favour of East Angus.

B.C.S. Goal: Black II, Penny; defence: Dodds, Sewell I; centre: Ch. Smith; wings: Norsworthy, Molson; alt: Eaton, Winters, Whittall, C. Kenny, Trotter.

#### B.C.S. Outscores L.C.C. 7-1

Jan. 28th, 1939-

Displaying a much superior brand of hockey, the School defeated L.C.C. 7-1. The score would have been much higher if it had not been for the wonderful playing of Fletcher, the opponents' goal-keeper.

In the first period B.C.S. scored three times, while L. C. C. had only one shot at the School net on which they scored. Ch. Smith scored twice for the School and Trotter once.

In the second period Dodds chalked up the only goal  $\$ making the score 4-1 in favour of the School.

In the last period Eaton, Whittall and Trotter scored for the School, while C. Kenny picked up three assists.

The game was very one-sided as L.C.C. had only four shots on the School goal during the whole game.

B.C.S. Goal: Black II; defence: Dodds, Sewell I; centre: Ch.-Smith; wings: Molson, Norsworthy; alt: Whittall, Trotter, C. Kenny, Winters, Eaton and Penny.

L.C.C. Goal: Fletcher; defence: Sweet, Nelles; centre: Rainville; wings: Mac-Callum, Cochand; subs: Freeman, Fisher, Cume, Eaton.

# B.C.S. Outscored by Sherbrooke Canadiens 5-4

Jan. 31st, 1939-

The School lost to Sherbrooke Canadiens 5-4 in an over-time game. The game was very fast and clean. Both teams scored one goal in the first period.

In the second period B.C.S. seemed to be headed for an easy victory as they scored three goals. But in the third period they seemed to collapse and allowed Canadiens to tie the score at 4 all.

In the overtime Canadiens scored the winning goal although the School put up a real fight.

All through the game the School were the aggressors, but on numerous occasions they threw away what looked to be easy goals.

MIDGETS "B" HOCKEY TEAM

Back Row—H. L. Hall, Esg., E. M. Landry, J. D. Flintoft, E. S. MacTier, J. K. Rapley Front Row—J. B. Lindsay, C. J. Ramsey, L. C. Davis, M. F. Doyle (Capt.), H. D. Sheppard, A. S. Wregg, V. A. Murray

The School marksmen were Ch. Smith, Molson, Sewell I and C. Kenny, while Norsworthy picked up two assists and Molson, Ch. Smith, Whittall and Trotter one each.

An outstanding feature of the game was the goal-tending of Black II, who in  $1\frac{1}{2}$  periods of play, made frequent spectacular saves and retired from the contest unscored upon.

B.C.S. Goal: Black II, Penny; defence: Eaton, Dodds; centre: Ch. Smith; wings: Molson, Norsworthy; alt.: C. Kenny, Whittall, Trotter, Finley, Winters and Sewell II.

#### B.C.S. Downs Old Boys 9-4

Feb. 4th, 1939-

The School won its fourth victory of the season when it outscored the Old Boys 9-4. The game, played on a very slow ice, was ragged in the first period, which closed with the School leading 2-1.

In the early stages of the second period the Old Boys tied the score at 2 all, but before the period ended Smith notched two goals making it 4.2 in favour of the School.

The third period opened slowly, then the School found their range and put in four quick goals. The Old Boys rallied to get two more and then the School scored the final goal of the game, making the score 9-4.

Ch. Smith was outstanding for the School with three goals and two assists, while Molson had two and Whittall, Dodds, C. Kenny and Trotter had one apiece. Whittall and Norsworthy drew two assists each while Dodds and Molson had one.

B.C.S. Goal: Black II; defence: Dodds, Sewell I; centre: Ch. Smith; wings: Molson, Norsworthy; alt.: Winters, Eaton, Trotter, Whittall, C. Kenny.

Old Boys. Goal: P. T. Molson, Radley Walters; defence: Robinson, Winser; centre: Packard; wings: Hale, Burgess; alt.: Allen, Kemp, Johnston, W. Doheny.

# B.C.S. Wins at Thetford Mines 3-1

Feb. 9th, 1939-

The School travelled to Thetford Mines on the morning train. After making a tour of the asbestos mines and having lunch the team played the Thetford Mines Academy.

The first period was very fast. The School scored the first goal, but while they were

short handed, due to a penalty, Thetford tied the score.

The second period was scoreless with both goalers standing out.

In the third period B.C.S. scored twice and the game ended with the School winning 3-1.

Molson, Dodds and Ch. Smith scored for the School while Sewell I, Ch. Smith and Molson drew assists. Black II was outstanding in the School nets when, time after time, he single handed, turned back the enemy attacks.

B.C.S. Goal: Black II; defence: Dodds, Sewell I; centre: Ch. Smith; wings: Nors-

worthy, Molson; subs. C. Kenny, Trotter, Eaton, Whittall, Moreland.

#### B.C.S. Defeats Old Boys 5-3

Feb. 11th, 1939-

The School took a 5-3 decision over the "older" Old Boys in a very exciting game. It started very fast with both teams playing good hockey.

The School lead 2-1 at the end of the first period. The Old Boys tied the game and held the School scoreless in the second period. Even though the School lost the services of Dodds and Norsworthy in the third period, it scored three times to the visitors' once, to win the game 5-3.

Sewell I was outstanding for the School with two goals and two assists, while Ch. Smith scored twice and Whittall made the fifth. Molson, Dodds, Whittall and C. Kenny also got assists. For the Old Boys Bailey scored twice, while McLernon counted for the third. Johnston played well in the nets for them, showing old-time form.

B.C.S. Goal: Black II, Penny; defence: Dodds, Sewell I; centre: Ch. Smith; wings:

Molson, Norsworthy; alt: Trotter, Whittall, C. Kenny, Eaton, Moreland.

Old Boys. Goal: Johnston; defence: McLernon, H. Doheny; centre: Davis; wings: Bailey, McDougall; subs. J. Cross, G. Cross.

# B.C.S. Wins Close Victory Over Old Boys 9-7

Feb. 12th, 1939—

The Old Boys, strengthened by H. Hall, Esq. (our House-master and Old Boy), Moreland and Finley (two School boys), made a second attempt to defeat the School. B.C.S., playing without Eaton, Winters and Black II, again defeated their elders by the score of 9-7, sixteen goals scored in sixty minutes of hockey.

The Old Boys started off at a fast pace scoring four quick goals, however, the School playing desperately, tied this up before the end of the first period. At the end of the second period the School was ahead 7-6, and in the final period the homesters tallied twice to the visitors' once, making the final score B.C.S. 9, Old Boys 7.

Ch. Smith, Molson and Sewell I each scored twice, while Whittall, C. Kenny and Norsworthy each tallied once. Dodds and Norsworthy had two assists and C. Kenny, Trotter, Whittall, Ch. Smith and Molson had one each.

Bailey and McLernon were outstanding for the Old Boys, each getting three goals while Moreland counted for the other.

B.C.S. Goal: Penny; defence: Dodds, Sewell I; centre: Ch. Smith; wings: Molson, Norsworthy; alt: C. Kenny, Whittall, Trotter.

Old Boys. Goal: G. Johnston; defence, H. Doheny, McLernon; centre: Davis; wings: McDougall, Bailey; subs. H. Hall, J. Cross, Moreland and Finley.

#### B.C.S. Overwhelmed by Ashbury 8-1

Feb. 18th, 1939-

B.C.S. went down to their worst defeat of the season, when overwhelmed 8-1 by the powerful Ashbury six.

The School was behind from early in the first period so that they had to play wide open hockey. Ashbury took full advantage of the B.C.S. five man power plays, to secure a commanding margin. Although Ashbury was the stronger team, the School failed to show that smoothness which had brought them previous victories this season. Norsworthy, Sewell I and Ch. Smith played well for B.C.S., while the whole Ashbury team were effective, especially the goal-tender. By virtue of this defeat the School lost possession of the Old Boys Cup, which they had held for two previous consecutive years.

B.C.S. Goal: Black II; defence: Dodds, Sewell I; centre: Ch. Smith; wings: Molson, Norsworthy; alt. C. Kenny, Whittall, Moreland, Trotter, Eaton, Penny.

Ashbury. Goal: Weary; defence: Barclay, Maclaren; centre: Grant; wings: Main, Drew; alt. Hersey, Thomas, MacGowan, Burrows, Smart, Bailey.

# B.C.S. TRIMMED BY ST. PATRICK'S JRS. 4-3

The School lost an overtime verdict to St. Patrick's Juniors, the champions of their league, by the score of 4-3.

B.C.S. scored in the first period and never were behind until the last two minutes of regulation time. The School played their best game of the season, only for a little let-up, which cost them a victory, with only two minutes to go.

Whittall opened the scoring with a hard shot from the blue-line, which St. Pat's tied a moment later. In the second period Whittall took a pass from C. Kenny to put the School in the lead once again. St. Pat's tied the score early in the third, soon after which Molson counted for the third B.C.S. goal on a pass from Sewell I. In the dying minutes of the period St. Pat's tied the score.

In the overtime period St. Pat's scored the winning goal, while time after time B.C.S. barely missed scoring.

"Herky" Black was outstanding in the B.C.S. goals.

B.C.S. Goal: Black II; defence, Dodds, Eaton; centre: Ch. Smith; wings: Molson, Norsworthy; alt. Sewell I, Winters, Whittall, Trotter, C. Kenny, Moreland.

St. Patrick's Jrs. Goal: Willis; defence: Murphy, Southern; centre: Davignon; wings: Marcoux, Smith; subs. J. Ross, D. Ross, Roy, Barlow, Denault.

No. 2, BISHOP'S COLLEGE SCHOOL CADET CORPS

The year 1939 is proving to be outstanding in the history of the corps. Not only have we received the honour of guarding a part of the route to be taken by their Majesties during the Royal visit to Sherbrooke, but we also have occasion to celebrate the seventy-fifth anniversary of our formation. With this in view, every member of the corps has been doing his utmost to make all our activities successful.

The annual inspection, held on Wednesday, May 31st, was naturally our most important parade. We welcomed this year as our inspecting officer Colonel K. G. Blackader M.C., E.D., officer commanding the Black Watch, Royal Highland Regiment of Canada.

The programme was carried out efficiently under the leadership of Cadet Major J. H. F. Kenny, whose clear commands and confidence had a steadying influence on the corps. The ceremonial drill was particularly good, and consisted of a march past in line, and marches past in close column, and column of platoons. Following this were movements of precision by a picked squad, physical training, section drill, and deployment by the Cadet Major, and, in conclusion, an advance in review order.

Four awards for efficiency to Second Lieutenant H. H. Norsworthy, Sergeant J. Churchill-Smith, Cadet R. D. Collier and recruit D. M. Landry were made by Colonel Blackader; the whole corps joins in congratulating these cadets.

Previous to the dismissal, Colonel Blackader spoke briefly to the company. After expressing his pleasure in being able to inspect the corps, he said, "I have been actually surprised by your excellence on parade. We of the Black Watch have had occasion to see only small squads of the corps in Montreal, but I feel sure that if members of the Regiment could see your entire company on parade, as I have to-day, they would be ust!y

THE MARCH PAST IN LINE

proud of their affiliation with you." In continuing he told of the part the Regiment had taken during the Royal visit to Montreal. Six hundred and seventy-three men, comprising the two battalions, had formed half the Guard of Honour at the station. The Queen, Honorary Colonel-in-Chief of the Black Watch, inspected them, and praised them for their smartness and general appearance.

The evening of the inspection, the mess entertained at dinner, Air Marshall W. A. Bishop, V.C., D.S.O., D.F.C., M.C., as guest of honour. Also at the head table were Colonel E. M. Worthington, C.M.G., D.S.O., former Commanding Officer of the 10th Infantry Brigade; Lieutenant-Colonel S. Echenberg, Commanding Officer 10th Infantry Brigade; Lieutenant-Colonel L. Chevalier, former Commanding Officer of Les Fusiliers de Sherbrooke; Lieutenant-Colonel W. E. Baker, former Commanding Officer of the Sherbrooke Regiment; and Lieutenant-Colonel L. M. Watson, Commanding Officer of the Sherbrooke Regiment.

Major C. G. M. Grier introduced the speaker of the evening, Air Marshall Bishop. The Air Marshall's anecdotes of early aviation and planes and the tales of his exploits on the Western Front, held a sometimes restless audience absolutely spellbound. When he was permitted to sit down, he had established himself with the mess as a very interesting instructor and an amusing and extremely entertaining raconteur.

At this point, with the success of Inspection Day still vivid in our memories, we wish to express our gratitude to Lieutenant W. H. Fisher, our instructor. Lieutenant Fisher has laboured long and patiently with us, and it has been largely through his efforts that we have won the Strathcona Military Efficiency Cadet Trophy for the last three years and the Earl Gray Trophy, which we now hold. During the past year, twenty of his Semaphore Signalling Candidates have passed their examinations, and have been awarded certificates. The Lieutenant also wishes to announce the winners of the Miniature Rifle Shoot. For boys fourteen years and under, J. P. Atkinson was the winner; E. S. McCuaig for fifteen year old boys, and B. Hutcheson won in the sixteen years and over class.

Ashbury Cricket Game: Ashbury 62 — B.C.S. 119.

We apologize for the paucity of the cricket notes which do not faithfully do justice to the excellent season we are enjoying. As cricket is still in full swing we hope to supplement them in the next issue.—Ed.

Could all my hours be counted,
Would all my dreams come true?
Will all my friends prove faithful
And all be true, true blue?
Young Fortune stands by sunny ways,
Inviting, luring, see!
With lavish showers of morning hours
She beckons me, she beckons me.

#### Носкеу-

There were four teams in the Eastern Townships Bantam League, two from St. Pat's in Sherbrooke, and two from B.C.S. The Prep. team, after playing twelve games and losing none, came out on top and was challenged by the Bantam team from East Angus. Two games were arranged to decide the championship, one at the school and the other at East Angus, the total goals to count. The Prep. won both games by scores of 2-1 and 2-0, thus becoming Bantam Champions of the Eastern Townships for the second year in succession. We are particularly pleased to record that the Prep. team received no penalty in any league game. Those on the Prep. team were:—McMaster (Capt.); Lemieux, Pitfield I, McCurdy, Hugessen II, Sewell III, Day II and McLimont. Subs: Finley II, Dodds II, Ker.

The annual match was played against Selwyn House and tied 1-1.

The Second crease, made up of the smaller Prep. boys, ran a league of four teams on the outdoor rink. The Rough-Riders won with the Hawks a close second.

A. L. L.

#### SKIING-

The Skiing season this year started and ended much later than that of last year, but this seemed to make little difference in the standard attained by the boys. The Prep. was divided into four creases, in charge of Mr. Evans and Mr. Cross. Every day classes were held on the hill beyond the woods or on Wheeler Hill, and occasionally on the Flying Kilometre.

PREPARATORY SCHOOL ON PARADE

About the middle of the season the Prep. went over to North Hatley, leaving on Friday afternoon, spending the night, and returning on Saturday evening. There the Whittall Cup Downhill and Slalom races were held, of which the results were very good. Lemieux came first in the Slalom and Hugessen won the Downhill, beating Scott by 1/5 of a second.

The cross-country race was later run at the school, Lemieux winning that event and the Whittall Cup. Seven others were chosen on the results of the Whittall Cup Competitions to make up the Prep. Ski Team, namely: Hugessen II, Wanklyn II, Pitfield I, Finley II, Scott, Day II, and McLimont.

J. R. McC.

#### GYM COMPETITION—

This year the Gym competition was held during the winter term. The first ten in the Prep. were awarded badges. The winner was Lemieux, closely followed by Mc-Master and Pitfield I. Day II, Scott, McLimont, McCurdy, Finley II, Dodds II and Hugessen II also received badges.

A. H. F.

#### EASTER EXAMINATIONS—

On account of the 'flu the Easter Examinations were held after the Easter Holidays instead of before. Holley II came first in Remove A 1, with McLimont second, and in Remove A 2 Finley II came first with Hugessen II second. In Form II Anderson came first followed by Stoker II, and in Forms IIb and I Taylor II and Pitfield II respectively came first.

### GIFT OF A PICTURE-

We wish gratefully to acknowledge the presentation by Dr. and Mrs. L. M. Lindsay of a companion print to that which they presented earlier in the year. This one is an interesting view of Old London Bridge, and is a welcome addition to our growing collection.

### "THE PIRATES OF PENZANCE"—

After painstaking rehearsals "The Pirates of Penzance" came off on the evenings of May 19th and 20th to thrilled and packed houses. The performances were truly remarkable, and, looking at it from the Prep. point of view, Alan Finley became a star in his (or her) own right, and the Prep. boys (or girls) made a most attractive and competent chorus. We heartily thank the parents for assisting so splendidly with the girls' costumes, which had been designed last term by the Prep. boys. The Prep. artists also produced posters advertising the comic opera, and these were distributed in Lennoxville and Sherbrooke. Prep. boys in the show were: Finley II (Mabel), Ker (Kate), Scott (Edith), Wanklyn II (Isabel), and Dodds II, Stairs III, Holley II, McCurdy, Hugessen II, Lemieux, McMaster, Pitfield I, Sewell III, Boyd.

### Confirmation—

On May the 21st the Lord Bishop of Quebec administered the Rite of Confirmation in St. Mark's Chapel to the following Prep. boys:—G. Scott, R. McMaster, W. Pitfield, A. Finley, A. Hugessen, C. Wanklyn, T. Ker, G. Huggett, R. McCurdy, D. McLimont, and S. Dodds.

The Chapel was crowded with parents and friends of the School, and the hymns "Holy, holy, holy . . . ", "Young souls so strong the race to run," "O Jesu, I have promised . . . ", and "Onward Christian soldiers . . . " were sung, and the service ended with the National Anthem.

J. B. H.

#### CRICKET-

The Prep. is already showing promise of a good cricket team. So far three new boys, namely Anderson, Boyle and Stoker, have been on First crease, which is coached by Mr. Cross. The remaining new boys are on Second crease in charge of Mr. Evans.

The Prep. played their first game against the Upper—"Tyros"—on May the 13th, and beat them in both innings, winning the first by a score of 41 runs to 18, and the second by 160 to 60, Day scoring 112 not out for the Prep. The Prep. team was as follows: Lemieux (Capt.), McMaster, Day II, Pitfield I, McCurdy, Anderson, Scott, Sewell III, Stoker II, Flintoft II, Hugessen II.

First crease practice in the nets on Mondays, Tuesdays, Thursdays and Fridays, as a rule, and play matches on Wednesdays and Saturdays.

#### THE PREP HUT-

The Prep. Hut is slowly nearing completion as far as furniture and additions are concerned. A wooden verandah has been added to the front of the hut, built on a foundation of logs and stones, and below the hut the scrub has been cleared so that a good view is afforded of the river and the Experimental Farm on the far bank.

The hut is densely populated on Sunday afternoons by boys who take their suppers out to the woods.

D. N. S.

#### THE IIB HUT-

The small hut built last year has been turned over to Form IIB, and the first job that we had to do was to plug the chinks between the logs with oakum. We also have built a small woodshed to one side of the hut. We have had Sunday supper at the hut twice, making a little stone fireplace in front of the hut and overlooking the big Prep. hut. We have bought a lantern and some coal-oil for the hut, and hope to use it soon. The door has been taken down for repairs. In the afternoons when we have some spare time we put in as much oakum as possible, and will soon have that job finished.

R. T.

### GARDENS-

This term many Prep. boys have made gardens in the wood beyond the Bicycle Roads. The scrub, briars and "skunk cabbage" have been cleared out, and pansies, violets, and some trillium have been planted. Through the gardens, paths have been constructed, and benches have been placed at different places along them. Between the gardens fences have been built and gates have been made at intervals.

### THE MUSEUM-

The Prep. Museum, under the direction of Dodds, Ker and Wanklyn, has been a great success. A short while ago another showcase was added to the one already in use, and a table added for the Natural History section. There are six sections: Natural History, Minerology, Industries, Coins, Tropical Marine Growths, and another shelf filled with specimens too varied to classify. The whole is very interesting and we are most grateful to S. E. Williams, Esq., and Lieut. W. Fisher and all those who presented or lent specimens to fill the showcases.

D. W. McL.

#### THE CAMERA CLUB-

The Camera Club has been very busy this year, and a contest has been arranged among its members, closing June the 1st, and divided into four classes: pictures taken, developed and printed by the entrant; action snapshots; outdoor scenes; indoor time-exposures. Many of the club members are very interested and promise to become expert amateur photographers. There are thirteen members of the club, with Mr. Holden as Hon. President.

### THE 24TH OF MAY-

The School had the usual whole holiday on the 24th of May, and fifteen boys went for a bicycle hike to Rock Forest, taking their lunch. Of the remainder, some took their lunch to the Prep. hut, and others worked in their gardens. In the evening a large bonfire was lighted behind the Prep. and many rockets and other fireworks of all sorts were set off. The weather for the holiday was perfect—in fact the finest 24th in years.

### CHARLES S. WHITE DIES

### LENNOXVILLE RESIDENT WAS IN HIS 79TH YEAR

Sherbrooke, March 12.—A member of a family which was prominent in the pioneering days of the Eastern Townships, Charles Stephen White, died at his home, Park Avenue, Lennoxville, this afternoon, after an illness of some weeks. Born at Griffin, Stanstead, October 18, 1860, he was the son of Rastus White and Mary Comstock. He was educated at Bishop's College School, later entering the feed and grocery business in Lennoxville. He was married in 1889 to Caroline Abbott, daughter of the late E. W. Abbott of the same town. The oldest living member of the Lennoxville Masonic Lodge, he was also a member of the Canadian Order of Foresters, a past president of the Lennoxville Curling Club, a member of the school board for many years and he was generally interested in community affairs.

He is survived by his widow, nee Caroline Abbott, two daughters, Mrs. Arthur T. Speid, Lennoxville, and Mrs. Edward H. Lee.

### Medding

The wedding of Miss Frances Elizabeth Holton, daughter of Mr. and Mrs. Mark Baldwin Holton, of Hamilton, Ont., and Mr. David Kingsmill Drury, son of Mr. and Mrs. H. A. K. Drury, of Ottawa and Bermuda, was solemnized on June 3rd, in Central Presbyterian Church, Hamilton.

### June '28

David Kingsmill Drury, alias Dave, left that prairie city, Winnipeg, to come to B.C..S. in September, 1924. He started in IIIA and has steadily come up the School without a stop. In 1925 he played sub. on second Football and the next year held the position of inside on first team. In 1927 he held the same position and showed up admirably in his play. Dave is a Prefect this year, as well as being a Lieutenant in the Cadet Corps, Vice-President of the Debating Society, one of the Treasurers of the Dramatic Club, and a Business Manager of the Magazine. He now holds the position of scorer on the Cricket Team. R.M.C. is his goal, and after witnessing his ability as a Lieutenant in our Cadet Corps, we expect big things of him there.

BLAYLOCK ELECTED PRESIDENT OF CONSOLIDATED SMELTERS

At a meeting of the board of directors of The Consolidated Mining and Smelting Company of Canada, Limited, held immediately after the annual meeting of shareholders this afternoon, important offices were filled and appointments made. These steps were consequent upon the vacancy created by the death last January of the late president, James J. Warren.

S. G. Blaylock, formerly vice-president and managing director, was elected president.

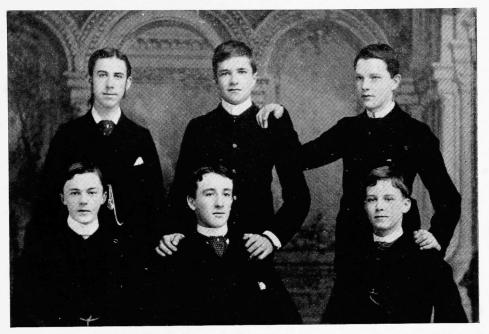

We congratulate Art Ross, old boy of B.C.S. '99, and manager of the Boston Bruins Hockey Club, on his team winning the Stanley Cup, emblem of world hockey supremacy.

Russel Blinco visited the School on Inspection Day.

Donald Stevens, '33, is a co-pilot on the T.C.A. run between Toronto and Winnipeg.

Donald Ross is working with the Fcrestry Research Station.

Harry Ross spent a most successful year in Montreal studying under Edwin Holgate.

### R. M. C. Notes

2432, Sgt. James Okeden Alexander.

Born: Caterham, Surrey, England, June 3rd, 1918.

School: Bishop's College School.

After rambling around like a rolling stone, and gathering no moss except a slight English accent, J. O. returned to one of his childhood play-grounds to do some Infantry, P.T. and Weapon Training with the class of '39. His qualities as a leader soon brought him the hair graying honour of class senior, where he accomplished his duties commendably well.

His athletic career has been climaxed with positions on both the first hockey and rugby teams. For the remainder of College sports he has been an essential to his company. Having a dead eye and considerable ability there is now a flourish of crossed rifles, guns, swords and an L. G. badge when his left arm goes by. He is one of the first ten who enter the final block with a safety factor; and has a good sense of humour although it sometimes runs to puns.

In his final year Alex has taken the mechanical option with a view to entering the R.A.F. So for one of his ambitions we wish him the conventional happy landings and best of luck.

D. Z. T. W.

### Boswell, R. K.

Robert is, as usual, progressing well. He played on all the inter-company teams for his company; also, he was on both the company revolver and rifle teams We hope he will keep up the good work next year and here's wishing him the best of luck.

Guy Drummond, Law 2 · · The last we heard of Guy was that he was a recent visitor at School to see the "Pirates of Penzance".

Robert Duncan, Med. 2 · · "Sleepy" is still doing the disappearing act, in order to work.

Ian Gillespie, B.Sc. 2 . . . We hope that Gilles has finally planned his summer trip.

Warren Hale, B.A. 1 . . . Wal joined the C.O.T.C., but there have been no reports as to how often he attended the parades. However, he did attend the dance, given by the C.O.T.C.

Bill Ritchie, B.A. 3 · · · "Hope springs eternal".

	Hugh's bow ties appeared around college frequently. He was resident at Douglas Hall this year.
David Skelton, Arch. 4	Reports indicate that he has been working very hard.
	"Butch" starred in the role of lover in a recent English play; and apparently took the exams in his usual stride.
	Hugh worked hard and was rewarded by success in his exams this spring.
	Dan had a good year in hockey and also in work, graduating this spring.
	We did not see Pete around very often, but success in his exams indicates that he must have been buried in his books.
	Bill is doing splendid work in the C.O.T.C. where he managed to recruit four of last year's Old Boys.
John Kemp, Eng. 1	After exams this spring John spent a great deal of time admiring the notice boards, and finally was rewarded by discovering that he had got his year.
	"Bucko" graduated this May, and is working in the West, north of Winnipeg.
Percy Leslie, B.A. 2	"Rip"" still gets around, although no one has yet succeeded in making him hurry.
D'Arcy Lynch, Law 3	There are no further reports about his red flannel underwear but we trust that spring has caused its discard.
Bill Doheny, Arts P.	Bill combined McGill, and the Art Gallery successfully with social life. Socialite Bill certainly got around during the year.
Jack Cross, Arts 4	Jack graduated this spring and intends to enter Law next autumn.
	Lawrence also graduated this spring. We have not been able to find out what his plans for the future are.
P. T. Molson, B.A. 2	Pete vanished from town immediately after exams, and we understand that he recently paid a visit to the School.
Bill Norrish, Law 1	Bill did the same thing as all budding lawyers and buried himself among the tomes of the Law Library.
Richard Peck, B.Sc. 3	Rich worked hard but was occasionally seen on the steps of Geology Building.
Eric Phelps, B.Sc. 1	Eric is going to California this summer. It is to be hoped that he gets away successfully from the lures of Hollywood.
Thomas Montgomery,  Law 3	Much work has kept Tom very busy this year, and his appearances, except for around the Law section, have been infrequent.

### U.B.C. Notes

Mackenzie, H. E. Hugh has been very active this term and last. He acted as the society photographer at the annual formal dance, and, I am told, appeared at inopportune times at the most unexpected places. During the last term he was elected to the Mitre board. As well as being among the cast of the major play, he acted as property manager behind the scenes. Hugh is at present surrounded with books and will probably do well in his exams.

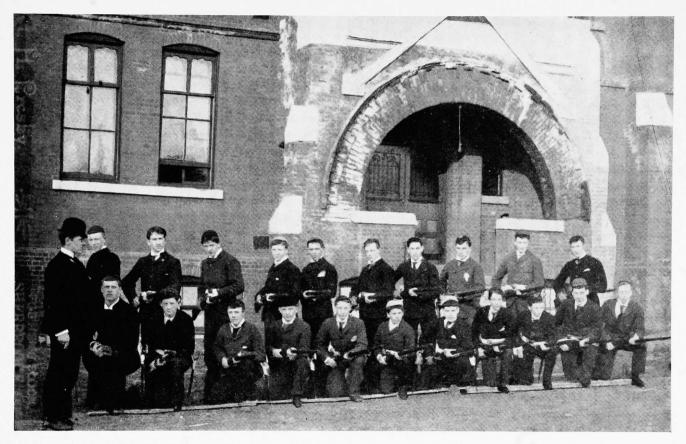

Parker, E. M. Ed is training to wear a "dog-collar", and some say he looks very impressive in surplice and cassock. He debated twice last term against the Arts students and acquitted himself very well. He was elected hockey manager and, at the same time, vice-president of the Athletic Committee. He too is in the midst of exams, but despite it all is his usual cheery self.

Shaughnessy, Lord. Shag did a certain amount of skiing last winter, and, apart from the occasional mishap, came out uninjured. He took part in two debates against the Divinity Faculty, and contributed to the winning of the Skinner Trophy by Arts. He writes exams.

Stairs, G. M. S. Gib did some leisurely skiing last winter, and, between cross-country jaunts from Lennoxville to North Hatley, had a very nice time. He also took part in the New Arts versus Old Arts hockey game.

Tomlinson, C. L. Tommie performed a great feat at the Eastern Townships Ski Meet at North Hatley. He won the cross-country, came second in the slalom and bagged the cup for the highest aggregate of points. He nosed out Lewis Kibbee for the early swimming record—sometime in March, I think. And now it is just work.

### B.C.S. Old Boys' Association

THE RIGHT REV. L. WILLIAMS, D.D., Honorary Chaplain
E. DE L. GREENWOOD, President
G. H. Montgomery, Jr., Secretary-Treasurer

### Committee:

M. E. Beckett J. McGreevy T. H. P. Molson H. Doheny J. C. Routledge W. W. Ogilvie E. de L. Greenwood R. R. McLernon C. E. Price

The Association learned with great regret of the death of the late *John H. A. Acer*, who was at B.C.S. in the nineties. He was a loyal Old Boy and an active member of the Association.

Among recent weddings we note the following:

A. Forbes Hale (B.C.S. '04'12), to Jane Dickson Spier, on August 26, 1938, at North Hatley.

Paul G. Sise (B.C.S. '23-'29) to Margaret B. How, on May 13, 1939, at Christ Church Cathedral, Montreal.

Stuart Gurd (B.C.S. '25-'30) to Andree Champagne, on May 20, 1939, at the Archbishop's Palace, Montreal.

Gear McIntyre (B.C.S. '27-'31) to Lucienne Robichon, on May 24, 1939, at Eglise St. Viateur, Outremont.

John H. C. McGreevy (B.C.S. '24'30) to Mary Gray on June 3, 1939, at The Manor, Pointe au Pic.

Dr. J. F. Meakins (B.C.S. '24'29) to Mildred Larmonth, on June 8, 1939, at St. Andrew's & St. Paul's Church, Montreal.

Other Old Boys recently married include:

Allan Rankin (B.C.S. '26-'30), Peter MacDougall (B.C.S. '24-'31) and Hector Howell (B.C.S. '25-'29).

The Association wishes the happy bridegrooms the best of luck.

Among the recent births we note the following:

To Mr. and Mrs. Peter Blaylock of Shawinigan Falls, a daughter, on May 31, 1939. To Mr. and Mrs. John Bassett of Sherbrooke, a daughter.

While we wish to extend all congratulations to the above, we trust that some Old Boys will see to providing future pupils for the school.

Edward Weaver (B.C.S. '18-'30), who was working for the Imperial Tobacco Company in Sydney, N.S., has recently been moved to Ottawa. We understand that before leaving Sydney he became engaged to Miss Betty Parker.

Bob McLernon (B.C.S. '26'30) is to be married to Miss Mary Fraser of Toronto in October.

Don Markey (B.C.S. '23-'29) is also engaged. He is practicing law in Montreal with the firm of Hyde, Ahern, Perron & Smith, formerly his father's firm.

Gear McIntyre, whose wedding is announced above, is practicing law in Montreal in the recently formed firm of Audette & McIntyre.

Brian McGreevy (B.C.S. '19-'26), who abandoned the legal profession for commerce, has now resumed practice.

The exact whereabouts of *Andrew Breakey* (B.C.S. '22-'26) will remain a mystery, but his friends suspect that he expects to succeed Sir Basil Zaharoff. When last heard from he was in Athens, Greece.

At the time of writing these notes Ian Breakey (B.C.S. '24'29) was exhibiting his horses at the Ormstown Fair.

T. E. Montgomery (B.C.S. '29-'31), who has recently graduated in Law at McGill University, has retired to the wilds of St. Sauveur to prepare for his examinations.

Ian Collins, who has just graduated in the Faculty of Commerce at McGill, expects to start work with the Bell Telephone Company in the near future.

We have received a most interesting letter from *Graham Egerton*, who has recently joined the Royal Air Force. He says:

"Unfortunately I can't say an awful lot about life in the Air Force due to restrictions. If I were having a conversation I could say much more, but as you wish to publish it in the Magazine, I will have to make it rather general. To publish anything definite concerning the R.A.F., we have to submit it in triplicate to the Air Ministry for approval. This takes ages and is quite a bit of work. Perhaps it would be easier if I tell you what I have done since I have been here.

"Everyone training as a Short Service Officer goes through the same training.

"I spent three months at a Civil Training School taking an elementary course in flying and ground subjects. On completion of this course I received my Commission on January 14. A disciplinary course lasting two weeks was my next step. We drilled for about four hours a day. Finally we were sent to an R.A.F. Flying School, namely this place. At present I am flying twin engine machines in preparation for heavy bombers. In a month's time I will sit exams for my wings. At the end of August my training will be complete and I will be posted to a squadron. It is fascinating work and I enjoy it immensely."

25 for 25c. Pocket Tins of Fifty - 50c. guarding the trade routes of the Seven Seas. Ceaselessly, too, the proud position of Player's Cigarettes is guarded. They are the largest selling cigarettes in the British Empire and have a world-wide reputation to maintain. This leadership was attained on quality, for it's the tobacco that counts.

Player's offer you the choice of two great cigarettes—"Medium" or "Mild". Choose the one which suits you best.
